

### **III. Health Funds and Communications**

The administrator of Health Funds and Communications is responsible for providing advice on executive matters affecting the office's goals and initiatives and directs the office's legislative initiatives, communication activities, and provides advice on technical insurance-related issues. This unit also has administrative responsibilities for the Injured Patients and Families Compensation Fund.

## **Public Information and Communications**

The Public Information and Communications Section has primary responsibility in developing and maintaining the office's consumer publications, providing information and materials on the office's Web site, and providing basic and essential services including records management, forms management, printing and service of process.

The office is required by statute to administer and maintain a Forms Management program. All office forms and brochures, regardless of format or method of delivery, are reviewed for statutory requirements and agency standards. An inventory and history file is kept for each form, brochure, and special report. This material is composed using a variety of specialized tools and is then distributed and made available via digital and paper means. The Forms Manager is a liaison with office staff, the agency Printing Coordinator, and other state agencies.

The OCI Web sites are managed within Public Information and Communications in accordance with the group's Communication Plan. Web management issues are addressed in a committee with representatives of all agency areas. Industry and constituents readily utilize information and support available via this interface. We frequently reassess the value of the information provided on our site and strive to assure fresh content consistent with current issues. There were 181 new Web pages added in 2010. Another 841 pages were updated.

### **2010 Major Accomplishments**

- Published the Wisconsin Insurance News (WIN), both electronically and in print. The WIN provides insurance agents and other interested parties with information on the ongoing activities of OCI.
- Published a Wisconsin Insurance Update newsletter to inform members of the Wisconsin Legislature and other interested parties of regulatory issues being addressed by the agency and providing information on issues that may be raised by their constituents.
- Assisted in the implementation of major health care reform provisions such as development of a health insurance exchange, surveys of the health insurance industry and regular update meetings of the health insurance industry.
- Issued 25 press releases to inform consumers about insurance issues and notify the public of significant regulatory actions.
- Staffed several new and continuing advisory committees. Significant committees included:
  - ◆ Autism Treatment Advisory committee continued work on implementation of 2009 Wisconsin Act 28 provisions mandating the coverage of autism treatment by insurers. The agency held several meetings with the committee to monitor implementation of the regulation and quickly address implementation issues.
  - ◆ Life Settlement Subgroup of the Life Advisory Council worked to implement the provisions of 2009 Act 344 regulating life settlement transactions. The committee was reconstituted to draft administrative rules.
  - ◆ Individual Uniform Application Working Group implementing the provisions of 2009 Wisconsin Act 28, directing the Commissioner to adopt a uniform application for use in the individual health insurance market. During 2010, the committee completed its work by recommending to the Commissioner an administrative rule to implement the statute.
  - ◆ An advisory group to implement the provisions of 2009 Wisconsin Act 218 adopting parity in coverage of mental health and substance abuse services by insurers was convened. The group recommended to the Commissioner administrative rules necessary to implement the statute.
  - ◆ The Property and Casualty Advisory Council met four times during the year and considered issues such as changes to Wisconsin Statutes mandating automobile insurance coverage by all drivers, use of credit history by insurers in the underwriting process, and health care inflation in worker's compensation claims.

- Continued to expand our consumer education by updating major publications on long-term care insurance, Medicare supplement and Medicare Advantage products.
- Continued work to convert rate and form filings to an electronic format that is searchable by consumers on the agency Web site.
- Participated in numerous boards and committees including the Group Insurance Board, Health Insurance Risk-Sharing Plan, State Council on Alcohol and Other Drug Abuse, and subcommittees of the Public Records Board.
- Presented consumer information on changes to administrative rules and consumer buying tips at numerous events.
- Continued work on the fillable forms project.
- Implemented an updated OCI Web site making it easier for interested persons to search for information on the Web site and adopting more easily accessed formats.
- Participated in NAIC task forces and working groups including Health Insurance (B) Committee, Consumer Liaison Committee, Insurer Liaison Committee, and the Interstate Insurance Product Review (IIPRC) subcommittees.

## Managed Care Specialist

The OCI managed care specialist, who serves as an ombudsman for consumers who have questions or problems with their managed care plans, is assigned to the Health Funds and Communications unit. The managed care specialist investigates complex managed care complaints received by OCI and educates consumers on their rights under managed care plans. Administering the state's independent review program is the responsibility of the managed care specialist.

adverse determination or an experimental treatment determination by an insurer. These reviews are carried out by Independent Review Organizations (IROs) registered with OCI. Every year, IROs certified to do reviews in Wisconsin are required to submit to OCI a report for the prior calendar year's experience. The independent review process allows a consumer to appeal some health insurance claims denials to an independent third party. The results from the reports for calendar year 2010 are summarized below.

### Independent Review Process

According to state insurance law, health insurance claimants have a right to an independent review of an

For more information on the independent review process, see the consumer brochure "Fact Sheet on the Independent Review Process in Wisconsin" available on OCI's Web site at [oci.wi.gov/pub\\_list/pi-203.htm](http://oci.wi.gov/pub_list/pi-203.htm).

\* An IRO may decline a case if it determines that the dispute is not eligible for an independent review, the request was received directly from the consumer, or the IRO has a potential conflict of interest.

\*\* In two cases, the insurer voluntarily reversed its denial before the IRO completed its review.

The independent review program began in 2002. The chart below summarizes the total percent of insurers' decisions that were upheld and the total reversed in whole or in part by the IROs.

	Total	Upheld	Reversed
2006	162	73.4%	26.6%

2008	100	64.0	36.0
2009	137	60.6	39.4
2010	157	68.8	31.2

In order to be certified, an IRO must demonstrate that it is unbiased and that its clinical peer reviewers are qualified and independent. IROs must be recertified by OCI biennially.

### Injured Patients and Families Compensation Fund (Fund)

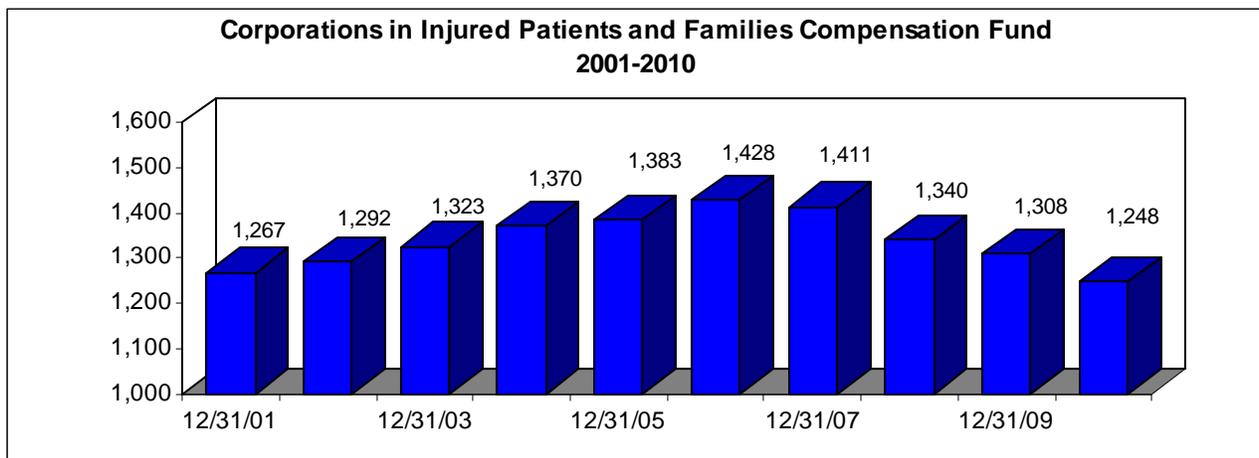

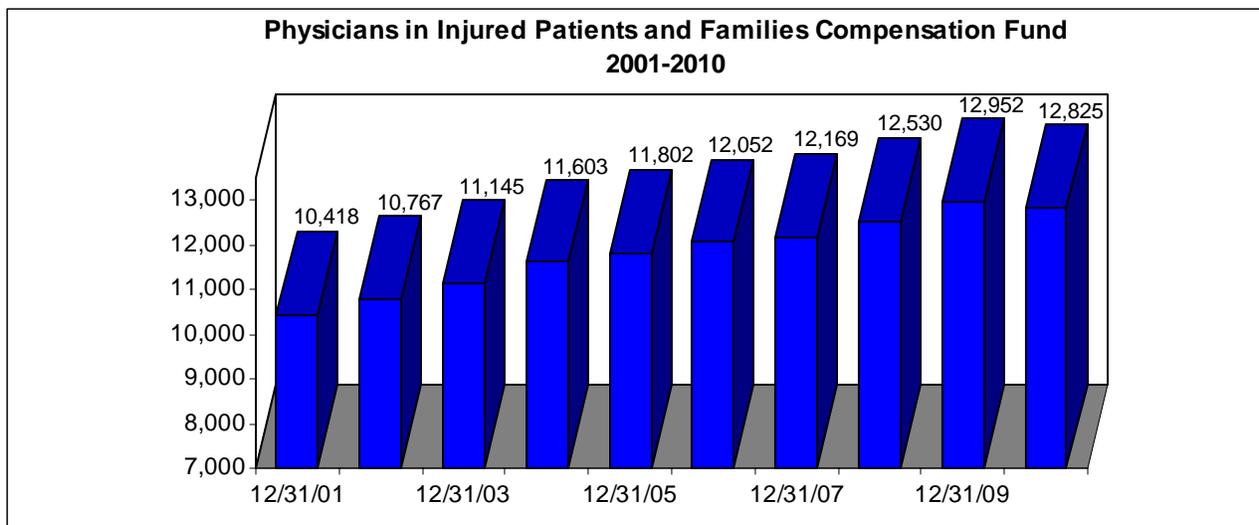

The Fund was created in 1975 to provide excess medical malpractice insurance for Wisconsin health care providers. The Fund is governed by a 13-member Board of Governors (Board) that consists of 3 insurance industry representatives, a member named by the Wisconsin Association for Justice, a member named by the State Bar of Wisconsin, 2 members named by the Wisconsin Medical Society, a member named by the Wisconsin Hospital Association, 4 public members appointed by the Governor, and the Commissioner of Insurance who serves as the chair. The Fund's administrative staff is provided by OCI.

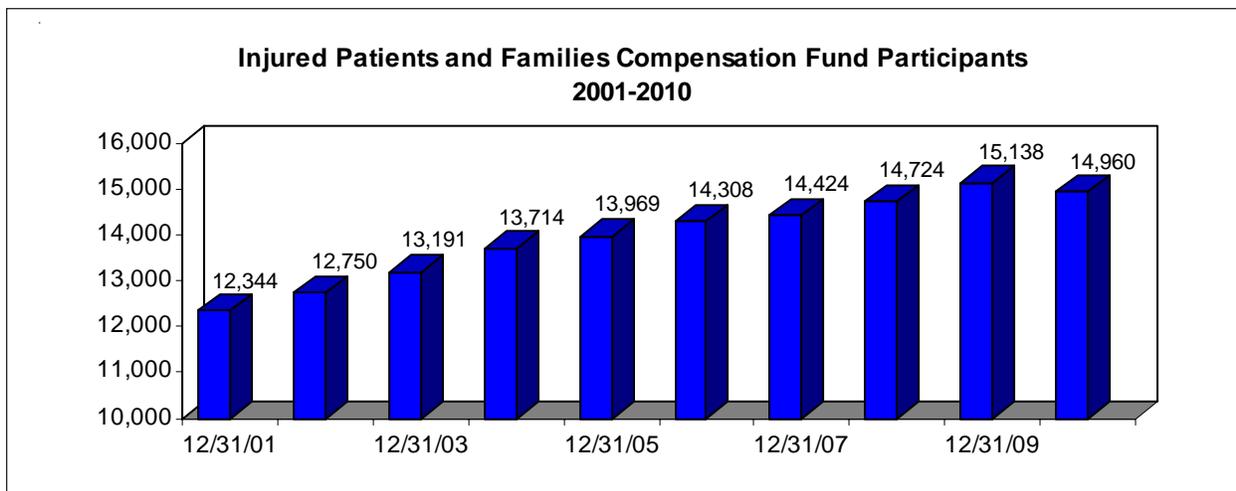

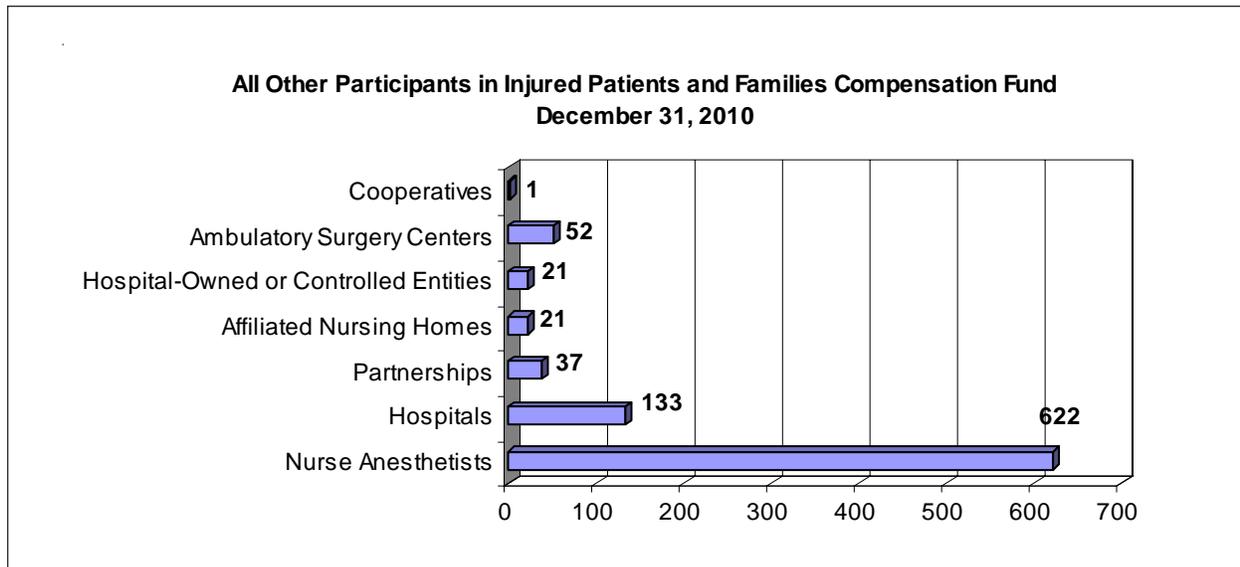

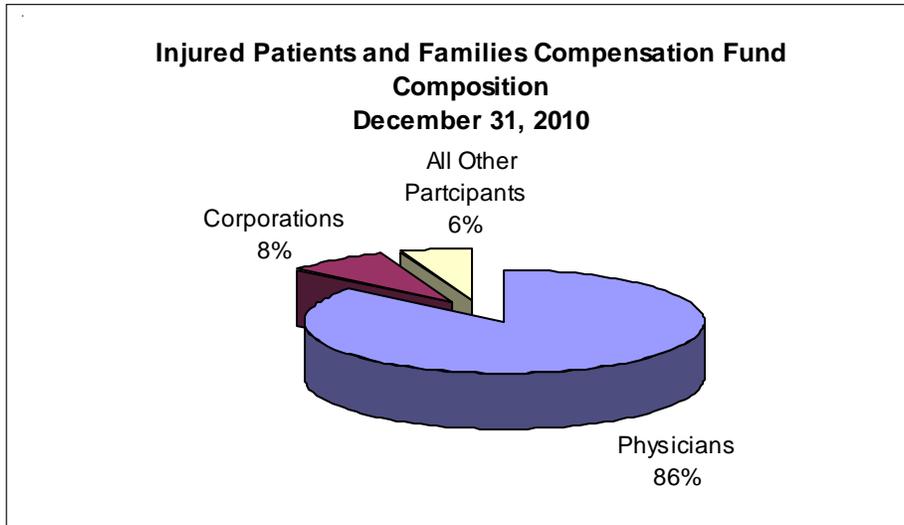

The Board is assisted by an Underwriting and Actuarial Committee, a Legal Committee, a Claims Committee, an Investment/Finance and Audit Committee, a Special Advisory Committee on Fund Participation, a Risk Management and Patient Safety Committee, and a

Peer Review Council. The Board and its committees meet quarterly.

The Fund operates on a fiscal year basis—July 1 through June 30. Administrative costs, operating costs, and claim payments are funded through assessments on participating health care providers.

As of December 31, 2010, the vast majority of Fund participants were physicians at 86%, with corporations comprising another 8% and the remaining 6% comprised of various other participant types as illustrated in the charts below. At year-end 2010, Fund participants totaled 14,960 comprised of 12,825 physicians, 1,248 corporations, 622 nurse anesthetists, 133 hospitals with 21 affiliated nursing homes, 52 ambulatory surgery centers, 37 partnerships, 21 hospital-owned or controlled entities, and one cooperative.

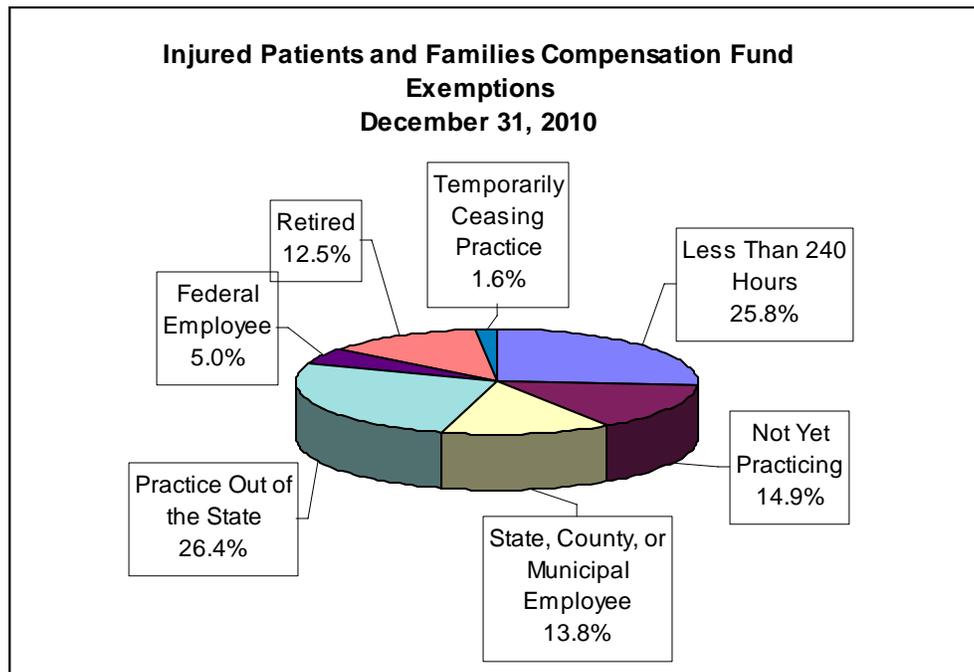

From July 1, 1975, through December 31, 2010, 5,742 claims had been filed in which the Fund was named. During this period, the Fund's total number of paid claims was 660, totaling \$810,105,807. Of the total number of claims in which the Fund has been named, 4,910 claims have been closed with no indemnity payment.

### 2010 Major Activities

- In March of 2010 the Fund transitioned to a newly developed, customized, internet-based data management system. The Fund is a unique operation in that there are no other patient compensation funds like the Wisconsin Fund; therefore, no off-the-shelf application software was available. Continued development will incorporate further functionality, eventually allowing insurance carriers and health care providers to interact directly with the Fund system.
- Fund administration closely monitors the use of outside counsel. Pursuant to a court decision in 2000, the Fund hires separate defense counsel on each claim. Fund staff monitors the claims and the use of this outside counsel to ensure that, while the Fund receives the necessary representation, legal fees are controlled.
- Pursuant to a Legislative Audit Bureau recommendation and a directive by the Board of Governors, an actuarial audit will be performed in 2011 on the analysis performed in 2010 by the outside actuarial firm. This audit will include an opinion as to the reasonableness of the assumptions and methodologies used by the Fund's actuary, as well as the risk margin and discount factor established by the Board. The findings of this audit will be included in the 2011 report to the Legislature.
- Extensive work continued during 2010 to verify and process up-to-date exemption status for providers that held a license to practice in Wisconsin but for which a current exemption or certificate was not on file with the Fund. Providers that remain in noncompliance are referred to their respective licensing boards for appropriate enforcement action by that board. As of December 31, 2010, there were 10,934 providers exempt from participation in the Fund. The various bases for the exemptions are illustrated in the chart below:
