The Honorable Scott Walker
Governor, State of Wisconsin
115 East State Capitol
Madison, WI 53702

Dear Governor Walker:

I am pleased to submit the 145th *Wisconsin Insurance Report*, covering calendar year 2013 activities.

In 2011, you declared that Wisconsin was open for business, and Wisconsin's insurance marketplace remains a strong, vibrant, and competitive place to do business. Over 2,100 companies, 396 of them domiciled in the state, are vying for a piece of Wisconsin's insurance market. This makes Wisconsin the second largest insurance market in the country. A competitive environment makes Wisconsin very consumer friendly, with multiple choices along all lines of insurance and some of the lowest insurance premiums in the country. With over 120,000 licensed agents, there is always someone for consumers to turn to for advice on insurance products.

Wisconsin's insurance industry remains a vital and growing part of our economy. The insurance industry is a major employer in the state with over 80,000 direct jobs and over 200,000 jobs tied to the industry. Wisconsin ranks 8th in the nation for insurance jobs. The average wages paid by insurers are higher than the state average. Wisconsin insurers have boosted employment by 11% over the last decade. As one of the largest industries in Wisconsin, the insurance industry provides an estimated \$10 billion in direct and indirect wages to Wisconsinites. Wisconsin insurers are also good corporate citizens that give back to their communities through charitable and volunteer efforts.

As a regulator, Wisconsin has continued its tradition of sound solvency regulation, combined with effective consumer protections. OCI completed 6,633 complaint investigations which resulted in \$3.7 million recovered for consumers during the year. OCI also completed over 40 financial exams and participated in exams of numerous other insurers. We have also worked to become a more efficient regulator through lean initiatives that streamline our processes and the use of business intelligence to better focus on areas of consumer concern.

It is also important to note our involvement in national issues. The implementation of the Affordable Care Act (ACA) was important for Wisconsin, and we worked to protect consumers' interests in the changing health insurance marketplace. Without our direct involvement, many of the rollout problems may not have been resolved for our consumers. OCI worked with the National Association of Insurance Commissioners (NAIC) and other states on the ACA, as well as on other insurance issues. Our involvement as a national leader on insurance issues at the NAIC—we chair numerous committees on a variety of issues including health insurance, mortgage insurance, and life insurance—has ensured Wisconsin has a voice to protect consumers and our domiciled companies.

The result is an insurance industry that serves Wisconsin consumers, provides jobs, and contributes to the Wisconsin economy. This report will provide you with details about the industry's participants and the activities of the agency.

Sincerely,

Theodore K. Nickel
Commissioner

*By chapter 56, section 32, General Laws of 1870, the Secretary of State was Commissioner of Insurance ex officio until 1878. The Office of the Commissioner of Insurance was made elective in 1881. In 1911 the office was made appointive instead of elective.

Introduction

Every individual and business in Wisconsin depends upon insurance. Whether it is auto, home, life, commercial, or health, insurance plays an important role in people's lives. The Office of the Commissioner of Insurance (OCI) was created by the legislature in 1870 and vested with broad powers to ensure that the insurance industry meets the insurance needs of Wisconsin citizens responsibly and adequately.

The importance of fair, effective, and timely regulation of the insurance industry offers OCI a special challenge in meeting its public mission of leading the way in informing and protecting the public and responding to their insurance needs.

The major functions of the office include:

- Researching consumer complaints against agents and insurance companies and attempting to bring the matter to a fair and reasonable conclusion.
 - Investigating and pursuing administrative actions against agents and insurers who violate Wisconsin insurance laws and regulations. Penalties include suspension or revocation of licenses and fines.
 - Conducting a comprehensive program of consumer education and public information to educate consumers about insurance through public speaking, insurance guides, press releases and distribution of comparison guides.
 - Evaluating insurance policies that are sold in Wisconsin to determine if they meet the requirements of Wisconsin's laws.
 - Conducting financial examinations of domestic and foreign insurers to assure compliance with Wisconsin regulations and rules.
 - Monitoring the financial status of licensed companies and applicant companies to provide early warning of financial difficulty.
 - Issuing licenses to companies, agents, brokers, surplus lines brokers, managing general agents, reinsurance brokers and managers, and organizations, including employee benefit plan administrators.
- Examining and analyzing rates filed by insurance companies to determine if they meet actuarial guidelines.
 - Researching special insurance problems through data collection and analysis and publishing conclusions and recommendations in special reports.
 - Developing legislation and promulgating administrative rules that ensure a strong insurance market through proactive policy and skillful enforcement.
 - Operating a state life insurance fund, a property fund for the property owned by local units of government, and a patients compensation fund insuring health care providers for medical malpractice.

II. Executive Initiatives

Regulatory Developments and Trends

The Office of the Commissioner of Insurance (OCI) was created by the legislature in 1871 and vested with broad powers to ensure that the insurance industry responsibly and adequately meet the insurance needs of Wisconsin citizens. Wisconsin has a tradition of sound regulation combined with strong consumer protections. A solid regulatory framework recognizes that consumers and the marketplace are best served by efficient, market-oriented regulation of the business of insurance.

Wisconsin's insurance marketplace is reflective of the competitive environment that keeps insurers doing business in Wisconsin. The healthy and competitive nature of the insurance industry has helped to keep insurance rates in Wisconsin some of the lowest in the country. Our auto insurance premiums are 11th lowest in the nation. Our homeowner's insurance rates are also consistently low.

OCI is responsible for regulation of all aspects of the insurance industry in Wisconsin. In regulating the private insurance market, OCI's major accomplishments in 2013 include:

- Licensing 21,044 new agents, 3 new domestic insurers, 8 nondomestic insurers, 21 employee benefit plan administrators, 6 warranty plans, 10 gift annuities, and 30 service contract providers.
- Examining 53 domestic insurance companies' finances, analyzing more than 2,100 financial statements, conducting market conduct examinations on 5 companies, conducting market analysis for 5 lines of business to identify companies for further analysis.

Educating and Informing the Insurance Consumer

Consumer education is critical in a competitive-based insurance market. Informed consumers have an incentive to invest in the effort to identify the insurance products that best fit their needs and budgets. In 2013, OCI reviewed and updated its extensive list of consumer publications. OCI staff provided consumer education at numerous public speaking events.

OCI also reaches out to the traditionally underserved population. The staff is tasked with developing relationships, educating consumers, and providing assistance in the case of a disaster.

Using Technology for Insurance Regulation

OCI continues to improve state regulation and service through the use of technology by implementing Web applications that enable our constituents to access information and transact business. The commitment to the use of technology is a key strategy in the agency's business plan. Technology achievements in 2013 include deployment of a new complaint system. The new system will allow OCI to track complaints more precisely and speed up the processing time. After extensive testing to ensure data integrity and privacy protections, the new system will be rolled out to the general public and insurers.

Implementation of the Patient Protection and Affordable Care Act

The Patient Protection and Affordable Care Act (PPACA) will fundamentally change the health insurance market in 2014. Every health insurer was required to make changes to their plans. As a result, the Office of Commissioner of Insurance reviewed numerous additional filings throughout 2013. In addition, OCI has continued to review new and updated federal guidance on the implementation rules.

OCI, along with the Wisconsin Department of Health Services, held 17 consumer sessions across the state to help inform consumers of the coming changes in the health insurance market. The sessions were well attended and covered extensively by local media.

The problems with the federal health insurance exchange forced Governor Walker and the legislature to delay the implementation of Wisconsin's changes including delaying changes to Medicaid and delaying the closing of the high-risk pool for three months. OCI worked directly with stakeholders to ensure as smooth a transition as possible.

OCI has worked extensively to protect the state's right to regulate health insurance, implemented a communication plan to inform consumers and employers about changes coming in 2014, and worked with the

industry to ensure a smooth transition for consumers in light of the monumental changes put in place by the law. One of the early efforts by OCI was to allow insurers to offer consumers early renewals. This allowed consumers the option to keep their existing plans and anticipated later efforts by the federal government to implement a transition policy. As a result, Wisconsin faced far less turmoil than other states. OCI also has worked with various stakeholders including representatives of the federal government, consumers, agents, insurance companies, and others to understand PPACA implementation issues and the impact on various stakeholders.

Coordination Among the States

OCI continued its leading role in the National Association of Insurance Commissioners (NAIC), serving on dozens of committees, task forces, and working groups, including chairing the Mortgage Insurance (E) Working Group, Health Care Reform Regulatory Alternatives (B) Working Group, Regulatory Framework (B) Task Force and the Contingent Deferred Annuities (A) Working Group.

During 2013, OCI used the Market Conduct Annual Statement (MCAS) as a tool to assist states in conducting coordinated evaluation of insurers. The MCAS collects data on an industry wide basis to allow regulators to evaluate company activity outside normal ranges. OCI also participated in the Market Analysis Review System (MARS), that creates a uniform process across participating states for review of data collected from insurer financial statements and other regulatory filings.

Wisconsin continues active participation with the Interstate Insurance Product Regulation Compact (IIPRC), that creates a single point of filing for insurance company forms, allowing multiple states to review a single filing. During 2012, Wisconsin served as a member of the Management Committee and participated with the Product Standards Committee.

Development of standards that are consistent and consistently applied across the states allows consumers to benefit from better regulatory tools and analysis and insurers to benefit by avoiding the cost of complying with variations in regulatory processes among the states.

Emerging Trends

OCI, through its involvement with the NAIC, continues to work with the other state regulators toward a more uniform regulatory system that ensures consistent regulation while still recognizing state authority. The state-based regulatory system has continued to prove the most effective method to regulate insurance.

OCI has begun to work with federal regulators on issues surrounding mortgage guarantee insurance reforms.

The insurance market continues to feel the secondary impact from the economic downturn including significant regulatory changes. OCI Financial Examination staff will continue to closely monitor the market for problems in specific insurance lines.

In 2014, OCI will finalize implementation of a number of projects that resulted from recent legislative and regulatory changes including:

- Implementation of the Model Holding Company Act and Own Risk Solvency Assessment to ensure better financial regulation of insurers.
- Continuing active monitoring of the suitability of annuity sales in Wisconsin, particularly those directed to our senior citizens.
- Assisting consumers, employers, agents, and insurers with continued health insurance reform issues.
- Continuing to actively monitor issues surrounding long-term care insurance.
- Reviewing activities surrounding life insurance claims practices.
- Working with the industry to ensure timely disaster responses.

The Federal Insurance Office (FIO) finally completed a long-delayed report on the state insurance regulatory system. The report discussed perceived concerns about the lack of uniformity among states. FIO is an advisory organization and has no regulatory or supervisory authority.

Legislation

During 2013 Governor Walker signed legislation that affects the business of insurance in Wisconsin. Legislative materials can be found on the Internet at legis.wisconsin.gov and also may be obtained from the Wisconsin Legislative Council, 1 East Main Street, Suite 401, Madison, WI 53703-3382, or by calling (608) 266-1304.

Administrative Rules

In 2013, there were no changes promulgated by OCI in the Wisconsin Administrative Code.

In 2013, OCI had the following emergency rules in effect:

Ins 17.01 (3) and 17.28 (3) (c), and to repeal and recreate Ins 17.28—Relating to Injured Patients and Families Compensation Fund, Annual Fund and Mediation Panel Fees, and ISO code amendments for the fiscal year beginning July 1, 2013

The rule establishes the fees that participating health care providers must pay to the Injured Patients and Families Compensation Fund (Fund) for the fiscal year beginning July 1, 2013. These fees represent a 5% reduction in the fees assessed for the previous fiscal year, based on the recommendation of the board's actuarial and underwriting committee and on the reports of the Fund's actuaries.

The Fund's board is required to promulgate by rule the annual fees for the operation of the Fund's medical mediation system based upon the recommendation of the director of state courts. The recommendation is reviewed by the board's actuarial and underwriting committee. The rule implements the funding level approved by the board by establishing mediation panel fees for the next fiscal year at \$0 for physicians and \$0 per occupied bed for hospitals, representing a decrease of \$22.50 per physician and a decrease of \$4.50 per occupied bed for hospitals from the previous fiscal year's mediation panel fees.

The rule also includes changes to the Insurance Services Office (ISO) code listing to address corrections to several classification specialties, as well as to add new classification specialties. ISO codes are the numerical designations for health care providers' specialties and are used to classify providers for assessment purposes. Errors identified in the ISO codes or specialty narratives for three specialties are corrected. A third specialty had duplicate listings, which resulted in the exclusion of another specialty that is now added. The Doctor of Osteopathy (D.O.) designated ISO codes are added for two specialties previously listed only under the Doctor of Medicine (M.D.) ISO codes.

Effective June 12, 2013

Ins ch. 6, subch. II, and Ins 6.91 to 6.98—Relating to navigators, nonnavigator assisters and related entities

The rule establishes training and licensing requirements for navigators in accordance with state law and consistent with federal law. Navigators must have contracts with and grants from the federal government to assist consumers in enrolling in the federally facilitated health insurance exchange. When navigators provide facilitated enrollment of consumers into the health insurance exchange, they are by law transacting an insurance business. As such, through this rule, OCI sets forth the basic requirements of licensure, including fingerprinting, criminal background checks, and assessment of competence and trustworthiness. Because navigators have access to the personal and financial information of the consumers they assist, the regulations include requirements for recordkeeping that supplement the federally established privacy and security requirements. The rule also implements the statutory requirement of financial responsibility for the wrongful acts of navigators.

Under this rule, nonnavigator assisters, navigators, and nonnavigator assister entities are required to be registered with OCI. The nonnavigator assisters are registered with OCI through the nonnavigator assister entities with whom the nonnavigator assisters are employed, supervised, or affiliated. Navigators, navigator entities, and nonnavigator assister entities are designated by the federally facilitated exchange, and navigators and navigator entities are under contract with the federally facilitated exchange to assist consumers enrolling in the exchange.

The state registration process allows OCI to ensure that those having direct contact with consumers have developed and implemented policies and procedures to ensure accurate guidance is given to consumers. Through registration, OCI has current information for consumers and is able to provide a listing of navigators and nonnavigator assisters who are compliant with training and knowledgeable about the exchange. The entities are legally responsible for the acts of the navigators or nonnavigator assisters who are employed, supervised, or affiliated with the entities. The entities are required to ensure that the navigators and nonnavigator assisters are current in their training, are of good character, and are competent and trustworthy.

Both navigators and nonnavigator assisters are trained to understand not only the federal exchange health insurance products, but are also trained to understand public assistance programs and premium tax credits. The rule requires initial and ongoing training to ensure that the navigators and nonnavigator assisters who assist Wisconsin consumers are providing the most recent and accurate information.

The rule also contains provisions intended to protect consumers from deceptive practices by restricting the use of terms, including “navigator,” “nongnavigator assister,” and “certified application counselors” to only those possessing the proper training, licensure, and registration status. The rule also delineates prohibited acts by navigators and nonnavigator assisters, including making false or misleading statements, performing acts for which an insurance agent license is required, and receiving compensation from an insurer. Finally, the rule exempts governmental entities, or those acting on behalf of governmental entities, from the regulations.

Effective September 10, 2013

Advisory Boards, Committees, and Councils

Wisconsin law, s. 15.04, Wis. Stat., provides that heads of independent agencies may create and appoint such councils and committees as the operation of the agency requires. The insurance law, s. 601.20, Wis. Stat., authorizes the Commissioner to create advisory councils and committees to assist in dealing with regulatory issues. The Commissioner is to provide, by rule, for the creation, governance, duties, and termination of any council or committee that is established. The expert advice provided to the Commissioner through these councils results in more efficient regulation of the insurance industry to the benefit of insurance consumers and insurers.

The Commissioner and staff members also serve on various councils and boards thus aiding Wisconsin residents by providing advice and suggestions on matters related to insurance regulation.

A description of the various boards, committees, and councils with which OCI is involved follows:

Birth to 3 Interagency Coordinating Council (ICC)

The council was first established in Executive Order 17, June 26, 1987; recreated in Executive Order 334, May 21, 1998; and continued in Executive Order 17, July 23, 2004. Governor Walker most recently recreated it in Executive Order 6, January 21, 2011. Often called the “Birth to 3 ICC,” it was created to comply with the federal Individuals With Disabilities Act of 1986 and recreated to comply with the federal Individuals With Disabilities Education Act of 1997. The council advises and assists with the Department of Health Services in the development and administration of early intervention services for infants and toddlers with developmental delays and their families. The council consists of at least 15 members and is directed by the Governor to include at least 4 parents of infants, toddlers, or children aged 12 or younger with disabilities; at least 4 private or public providers of early intervention services; at least 1 state legislator; at least 1 member involved in personnel training; at least 1 representative of a Head Start agency or program; and other members representing state agencies that provide services or payment for early intervention services to infants and toddlers and their families. Members, other than those serving ex officio, serve three-year terms.

Governor’s Committee for People With Disabilities

In 1948, a Governor’s committee was established with one goal: to improve employment opportunities for people with disabilities. The group’s mission was broadened in 1976 to cover many aspects of disability in Wisconsin, and the group became the Governor’s Committee for People with Disabilities (GCPD) which is dedicated to enhancing the health and general well being of disabled citizens in Wisconsin. The committee consists of the Lt. Governor and not more than 20 other members, including 6 members appointed from specific statutory councils: the Council on Blindness, the Council for the Deaf and Hard of Hearing, the Council on Developmental Disabilities, the Council on Mental Health, the Council on Alcohol and Other Drug Abuse, and the Council on Physical Disabilities. The committee selects a representative and informs the GCPD afterwards. The selected person is then appointed by the Governor and remains part of the GCPD as long as they are serving on their respective council. The majority of members are people with disabilities.

Governor’s Council on Financial Literacy

This council was created in Executive Order 92, March 30, 2005, and continued by Governor Walker in Executive Order 24, April 6, 2011. The council consists of 25 members or less, with a chairperson, and two vice chairpersons selected from within the group. The council is directed to collaborate with the Office of the Commissioner of Insurance and other government agencies, private entities and non-profit organizations, consider and implement research and policy initiatives, and serve as a sounding board for the Office of the Governor and the Office of Financial Literacy in the Department of Financial Institutions to provide guidance and develop strategies to improve financial literacy among Wisconsin’s citizens. The council also promotes the statewide financial literacy awareness and education campaign entitled Money Smart Week Wisconsin.

Group Insurance Board (Board)

Section 15.165 (2), Wis. Stat., created an 11-member Group Insurance Board in the Department of Employee Trust Funds. The Commissioner or designee is a member of the Board. The Group Insurance Board is authorized to enter into contracts with insurers to provide group

insurance plans or to provide the benefits on a self-insured basis. It also provides general administrative policy for the group insurance programs for health care, income disability benefits, and life insurance authorized for state and other public employees under ch. 40, Wis. Stat. The specific powers of the Board are enumerated under s. 40.03 (6), Wis. Stat.

Health and Life Insurance Advisory Council

The Health and Life Insurance Advisory Council replaces the previous two individual councils, the Health Advisory Council and the Life Advisory Council. The council advises the Commissioner on regulatory matters in the area of health and life insurance. The council meets on an as-needed basis. The members are appointed by the Commissioner and include six members representing insurers, three members representing insurance agents, one representing small business, and one consumer advocate. The members as of December 31, 2013, were:

Under legislation signed by Governor Walker, the HIRSP Authority will cease operations in 2014. The board will continue as an advisory council.

The board of directors of the HIRSP Authority consists of the Commissioner of Insurance (Commissioner) or the Commissioner's designee, as a nonvoting member, and 13 other members who are appointed by the Governor, with the advice and consent of the senate, for staggered

three-year terms. The members include 4 participating insurers, 4 health care providers (a representative of the State Medical Society, a representative of the Wisconsin Hospital Association, a representative of the State Pharmacy Society, and a representative of health care plans), and 5 other members who must include 1 small business representative, 1 professional consumer advocate, and at least 2 who have HIRSP coverage.

The 13-member Board consists of 3 insurance industry representatives, a member named by the Wisconsin Association for Justice, a member named by the State Bar of Wisconsin, 2 members named by the Wisconsin Medical Society, a member named by the Wisconsin Hospital Association, 4 public members appointed by the Governor, and the Commissioner who serves as the chair. This committee evaluates all legislative proposals that would create or modify any system of retirement for public officers or employees. No such legislative proposal (bill) may be acted upon by the legislature until it has been referred to this committee for preparation of a written report. The report must indicate the probable cost involved, the effect of the proposal upon the actuarial soundness of existing retirement systems, and the desirability of the proposal as a matter of public policy.

review of retirement benefits afforded to public employees under the existing state system. It maintains a current reference library of all public employee pension and retirement plans throughout the United States and makes its findings and recommendations available to the Governor and the legislature.

Wisconsin Insurance Plan Governing Committee

The Wisconsin Insurance Plan is a risk-sharing plan for property insurance companies created by s. Ins 4.10, Wis. Adm. Code. The purpose of the plan is to help qualified property owners obtain insurance coverage if they are unable to find adequate coverage in the private market. The plan is overseen by a Governing Committee subject to the supervision of the Commissioner of Insurance. The Governing Committee consists of eight insurer representatives, two insurance agents, and five public members. The Commissioner of Insurance appoints the agents and the public members and selects a liaison to attend meetings. Seven of the insurer representatives are selected by trade associations. One is elected by insurers that are not members of these trade associations.

Wisconsin Retirement Board (Board)

The Wisconsin Retirement Board is created in the Department of Employee Trust Funds by s. 15.165 (3) (b), Wis. Stat. The Board has nine members. Wisconsin State Council on Alcohol and Other Drug Abuse

The State Council on Alcohol and Other Drug Abuse was created in the Office of the Governor in August 1970 to provide leadership and coordination regarding alcohol and other drug abuse (AODA) issues confronting the state. Wisconsin Act 210 was enacted on April 6, 1994, merging the Citizens Council on Alcohol and Other Drug Abuse with the State Council. The bill expanded the duties and the membership of the State Council. The State Council on Alcohol and Other Drug Abuse recommends, coordinates, and reviews the efforts of state agencies to control and prevent alcohol and drug abuse. It evaluates program effectiveness, recommends improved programming, issues

reports to educate people about the dangers of drug abuse, and allocates responsibility for various alcohol and drug abuse programs among state agencies. The 22-member council consists of the Governor, the Attorney General, the Superintendent of the Department of Public Instruction, the Secretary of the Department of Health Services, the Commissioner of Insurance, the Secretary of the Department of Corrections, the Secretary of the Department of Transportation and the chairperson of the Pharmacy Examining Board, or their designees; a representative of the controlled substances board; a representative of any Governor's committee or commission created under subch. 14 to study law enforcement issues; 6 members (1 of whom is a consumer representing the public at large) with demonstrated professional, research or personal interest in alcohol and other drug abuse problems, appointed for four-year terms; a representative of an organization or agency which is a direct provider of services to alcoholics and other drug abusers; a member of the Wisconsin County Human Service Association, Inc., who is nominated by that

III. Legislative Relations and Communications

The director of Legislative Relations and Communications is responsible for providing advice on executive matters affecting the office's goals and initiatives and directs the office's legislative initiatives, communication activities, and provides advice on technical insurance-related issues.

Public Information and Communications

The Public Information and Communications (PIC) section has primary responsibility in developing and maintaining the office's consumer publications, providing information and materials on the office's Web site, and provides basic and essential services including forms management and service of process.

The OCI Web sites are managed within PIC in accordance with the group's communication plan. Industry and constituents readily utilize information and support available via this interface. We frequently reassess the value of the information provided on our site and strive to assure fresh content consistent with current issues. There were 183 new Web pages added in 2013. Another 911 pages were updated.

PIC is also responsible for public outreach. Over the last year, the division has had over 100 outreach visits reaching hundreds of consumers and interested parties. The visits have included a focus on the inner city, veterans, Wisconsin's tribes, and other underserved populations.

The office is required by statute to administer and maintain a Forms Management program. All office forms and brochures, regardless of format or method of delivery, are reviewed for statutory requirements and agency standards. An inventory and history file is kept for each form, brochure, and special report. This material is composed using a variety of specialized tools and is then distributed and made available via digital and paper means. The Forms Manager is a liaison with office staff, the agency Printing Coordinator, and other state agencies.

2013 Major Accomplishments

PIC continues to put the communication plan into action. As a result, OCI has had thousands of consumer contacts over the course of 2013, and OCI has raised its profile with the general public. Other accomplishments included:

Management Analysis and Planning Section

The Management Analysis and Planning Section (MAPS) supports the mission of OCI through oversight of the agency's business planning processes in the area of financial management. This section provides accounting, budgeting, contract management, internal control, procurement, risk management, and vendor payment services for OCI. The section produces the annual operating budgets for all units of the agency, external financial reports at the fund and agency level, GAAP reports, and required statutory reports, e.g., the minority contracting reports, as well as annual contract justification for continued contract renewals.

The staff is responsible for providing technical budget assistance and guidance to OCI managers and staff, tracking expenditures and revenues, collecting accounts receivables, calculating and billing the annual examination assessment, calculating and billing the annual care management organization examination charges, administering the state purchasing card program, cashiering and serving as liaison with the Department of Administration (DOA) Procurement.

In an effort to strive to achieve physical accommodations for maximum comfort, security, and safety for staff and visitors alike, this area is responsible for the management of building maintenance and security, along with provision of health and safety oversight. This section is responsible for the agency's records management and administers office management services, including risk management, health and safety, building maintenance, front desk, mailroom, central records, and parking coordination. Alternative Work Patterns

OCI is cognizant of the need to offer a flexible work environment in order to maximize the employment options available to existing and potential state employees and to meet the needs of our constituents. OCI encourages the utilization of alternative work patterns such as flex time, part-time, and shared-time schedules to increase productivity, extend services, reduce absenteeism, improve employee morale, allow for employee development, and maximize energy conservation through ridesharing and use of mass transit systems. Approximately 90% of

the agency's staff has some form of nonstandard work schedule. The agency also reviews requests, on a case-by-case basis, from staff who wish to temporarily work from their home. The agency recognizes that alternative work pattern schedules may provide opportunities for individuals to productively utilize their skills, talents, and abilities. It recognizes that a traditional full-time work schedule may not meet the needs of individuals who, due to age, health, or family circumstances, find such a schedule in conflict with responsibilities outside of work.

Injured Patients and Families Compensation Fund (Fund)

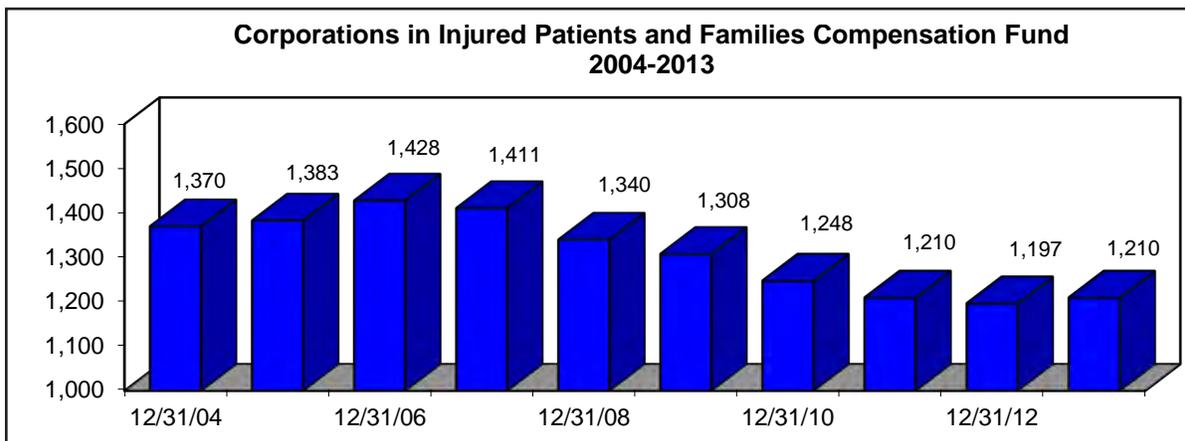

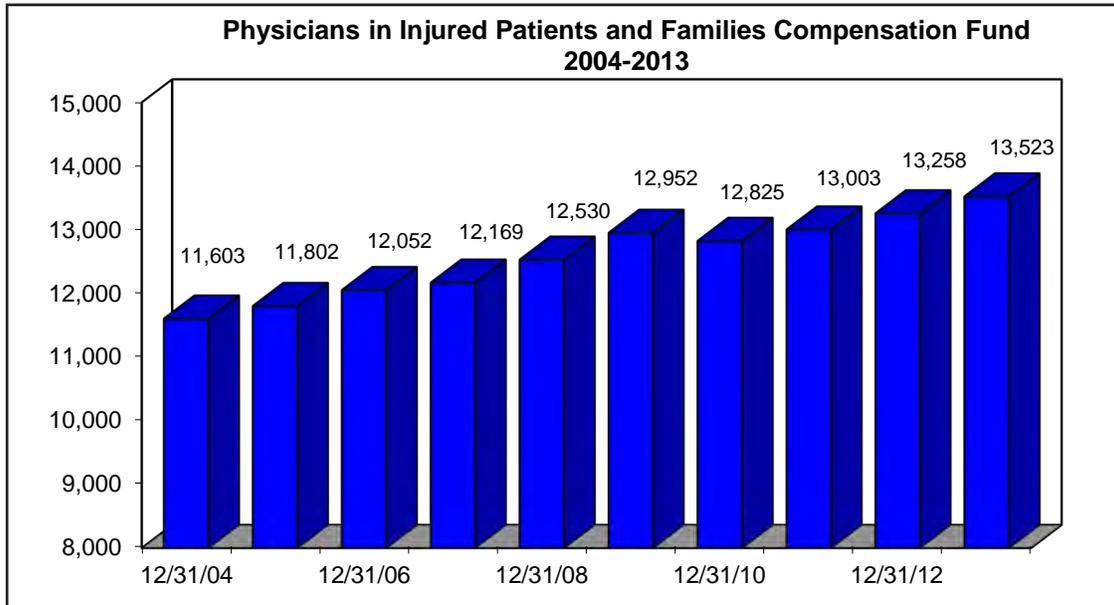

The Fund was created in 1975 to provide excess medical malpractice insurance for Wisconsin health care providers. The Fund is governed by a 13-member Board of Governors (Board) that consists of 3 insurance industry representatives, a member named by the Wisconsin Association for Justice, a member named by the State Bar of Wisconsin, 2 members named by the Wisconsin Medical Society, a member named by the Wisconsin Hospital Association, 4 public members appointed by the Governor, and the Commissioner of Insurance who serves as the chair. The Fund's administrative staff is provided by OCI.

The Board is assisted by an Actuarial and Underwriting Committee, a Legal Committee, a Claims Committee, a Finance/Investment/Audit Committee, a Risk Management and Patient Safety Committee, and a

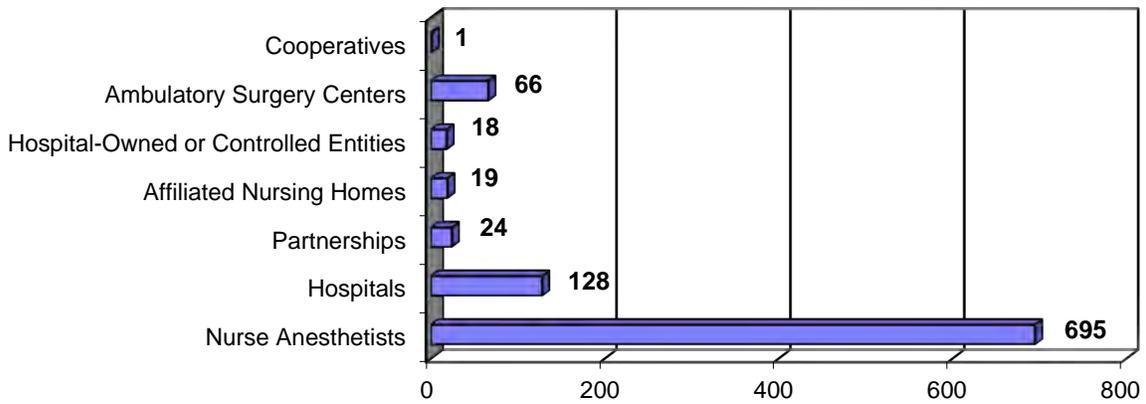

Peer Review Council. The Board and its committees meet quarterly.

The Fund operates on a fiscal year basis—July 1 through June 30. Administrative costs, operating costs, and claim payments are funded through assessments on participating health care providers.

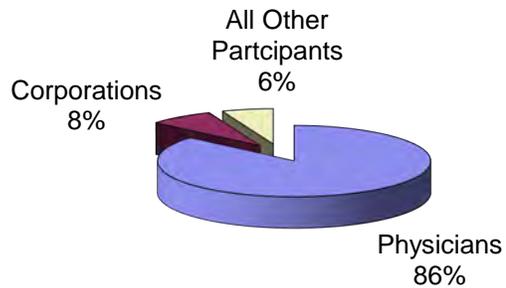

As of December 31, 2013, the vast majority of Fund participants were physicians at 86%, with corporations comprising another 8% and the remaining 6% comprised of various other participant types as illustrated in the charts below. At year-end 2013, Fund participants totaled 15,684, comprised of 13,523 physicians, 1,210 corporations, 695 nurse anesthetists, 128 hospitals with 19 affiliated nursing homes, 66 ambulatory surgery centers, 24 partnerships, 18 hospital-owned or controlled entities, and 1 cooperative.

From July 1, 1975, through December 31, 2013, 5,955 claims had been filed in which the Fund was named. During this period, the Fund's total number of paid claims was 667, totaling \$845,665,150. Of the total number of claims in which the Fund has been named, 5,132 claims have been closed with no indemnity payment.

2013 Major Activities

- The 2013 release of enhancements to the Web-based interface to the Fund system provides additional functionality to Fund participants and employers registered for secure access.

With the release of March 2013, electronic payment became available providing the following benefits:

- Allows for a more modern and convenient method for Fund participants to make payments.
- Improves immediacy and accuracy of banking information by avoiding the delays involved with check mailing and repetitive manual processing (by authorizing agent, accounts payable, and USBank).
- Potentially reduces noncompliance risk by facilitating timely payment.

With the release of June 2013, account update functionality became available providing the following benefits:

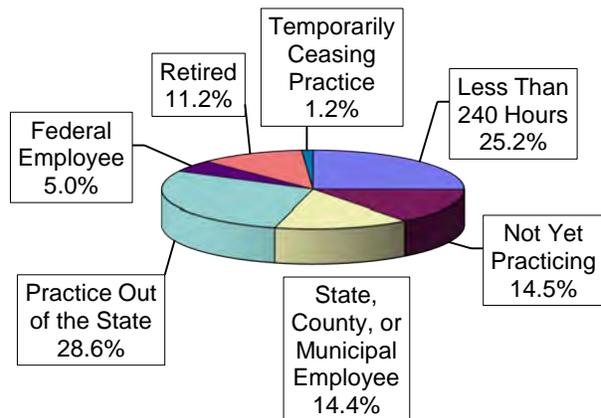

- Improves currency and accuracy of records.
 - Employer affiliation
 - Mailing address
 - Billing parameters
- Potentially reduces noncompliance risk by avoiding delays in payment associated with improper employer affiliation and/or address.

The 2013 enhancements are partial releases of phase 4 of the Fund system development (initial release of Web-based interface, phase 1, occurred in March 2010; phase 2, released in June 2011, allows carriers and self-insurers system access to download certificates; phase 3, released in 2012, allows the general public to search the database for coverage records and provides participants and employers secure access to paperless billing). Continued development will incorporate further functionality.

Links to the public database and to secure log-in access are available on OCI's Fund Web page (oci.wi.gov/ipfcf/sysaccess.htm).

- Fund administration closely monitors the use of outside counsel. Pursuant to a court decision in 2000, the Fund hires separate defense counsel on each claim. Fund staff monitors the claims and the use of this outside counsel to ensure that, while the Fund receives the necessary representation, legal fees are controlled.
- Pursuant to a Legislative Audit Bureau recommendation and a directive by the Board, an actuarial audit was performed in 2011 on the analysis performed in 2010 by the outside actuarial firm. This audit opinion concluded that the assumptions and methodologies used by the Fund's actuary and the risk margin of 25% established by the Board were reasonable. A recommendation was made to reduce the discount factor used to discount the claim liability reserves. Prior to the issuance of the audit report, the Board reduced the discount factor by .5%, to 5.0%, applicable to June 30, 2012, reserves. During 2012, the Board reduced the discount factor an additional .5%, to 4.5%, applicable to June 30, 2013, reserves.
- The Fund continually monitors and updates the exemption status for providers that held a license to practice in Wisconsin but for which a current exemption or certificate of insurance was not on file with the Fund. Providers that remain in noncompliance are referred to their respective licensing boards for appropriate enforcement action by that board. As of December 31, 2013, there were 11,081 providers exempt from participation in the Fund. The various bases for exemption are illustrated in the chart below.

Local Government Property Insurance Fund (Fund)

The Fund is established by ch. 605, Wis. Stat. The purpose of the Fund is to make property insurance available for local government units. The Commissioner of Insurance, by law, is designated as the Fund's manager. The Fund has one state employee who supervises day-to-day operations of the Fund by contracting for specialized services. The Fund contracts with: ASU Group (policy services), Crawford & Company (claims), C-BIZ (appraisal services), ISO (rate services), Pinsoft (software), Willis (broker of record), AMI Risk Consultants (actuarial services) and Borgelt, Powell, Peterson & Frauen (legal).

As of June 30, 2013, the Fund insured 1,019 policyholders: 70 counties, 274 schools, 134 cities, 166 towns, 247 villages and 128 miscellaneous (libraries, etc.) jurisdictions. Combining new business and terminations, the overall number of policyholders decreased by 57 since the previous fiscal year-end. The Fund had 53 builder's risk policies at June 30, 2013, versus 71 as of June 30, 2012.

The Fund's insurance coverage in force represents property that is insured against loss. The more property insured, the greater the potential for a loss. The total amount of insurance coverage in force as of June 30, 2013, was \$53 billion, up from \$51 billion as of the previous fiscal year-end.

The Fund's balance sheet and income statement for the fiscal year ending June 30, 2013, are included with this report. The Fund experienced an underwriting gain of approximately \$131,000 following an underwriting loss of \$6.4 million the previous year.

Fund management will continue to monitor insurance in force, claims trends and Fund surplus when evaluating the Fund's rating structure. The decline in surplus also affects the Fund's rates. The Fund actuarially determines rate increases or decreases in order to maintain adequate levels of surplus.

V. Division of Regulation and Enforcement

The Division of Regulation and Enforcement, through its Bureau of Financial Analysis and Examinations, Bureau of Market Regulation, and Rate Review Team, and in conjunction with the office's Legal Unit, is responsible for enforcing the state's insurance laws. In addition, it assists with the office's consumer education program by providing technical expertise in the development and publication of the office's consumer education publications. In compliance with s. 601.01 (5), Wis. Stat., the Division works with other state and federal regulatory agencies in carrying out the purposes of the Wisconsin insurance laws and the mission of the office.

Bureau of Financial Analysis and Examinations (Bureau)

Monitoring includes the examination of the accounts and records of insurance companies organized under Wisconsin law and the analysis of financial statements of all insurers licensed to do business in the state of Wisconsin, the review of CPA audit reports, and updates to the company profile database. The Bureau maintains and reviews holding company filings required by ch. Ins 40, Wis. Adm. Companies in Liquidation or Rehabilitation

Ambac Assurance Corporation Segregated Account, in Rehabilitation

Ambac Assurance Corporation Segregated Account was placed in rehabilitation on March 24, 2010, by William D. Johnston, a Lafayette County Circuit Court Judge, presiding by a judicial assignment order of the Circuit Court for Dane County, Wisconsin. Roger A. Peterson is the appointed special deputy commissioner. Current and more detailed information regarding the rehabilitation is available at ambacpolicyholders.com.

Ambac Assurance Corporation (Ambac), headquartered in New York, New York, is the successor to American Municipal Bond Assurance Corporation, which was incorporated in Wisconsin on September 29, 1970. The company's present corporate organization was established in connection with a corporate restructuring executed on June 18, 1985, under the supervision of the Wisconsin Commissioner of Insurance. Under the 1985 restructuring, the business of the company's predecessor legal entity, American Municipal Bond Assurance Corporation, was transferred to a successor legal entity, AMBAC Indemnity Corporation, which subsequently was renamed Ambac Assurance Corporation. The company operates as a financial guaranty insurer, and its principal business is the guaranty of timely payment of principal and periodic interest when due on credit obligations. The company is licensed in all U.S. states, the District of Columbia, Guam, Puerto Rico and U.S. Virgin Islands.

From its founding in 1970 until the 1990s, Ambac's business was almost exclusively related to traditionally low-risk, low-margin public finance bonds. In the mid-1990s, however, Ambac began to diversify by offering financial guaranty insurance on riskier, higher-margin private "structured finance" investments, including residential mortgage-backed securities (RMBS) and collateralized debt obligations of asset-backed securities (CDOs of ABS).

When the riskier insured structured finance investments began to deteriorate en masse during the economic crisis of 2008, Ambac's projected future liabilities grew while its credit ratings and statutory surplus plummeted. Consequently, its prospects for writing new business evaporated, it stopped writing new policies, and it initiated an informal run-off.

These events created a hazard for policyholders. At the time of rehabilitation, Ambac's investment portfolio assets had a current market value of approximately \$8 to \$9 billion, plus an estimated \$1.5 to \$2 billion in

future unearned premiums discounted to present value. Many of Ambac's assets would not yield fair value if liquidated immediately and used to pay short-term claims. The inopportune sale of Ambac's long-term, presently undervalued assets would result in a net loss of claims-paying resources available to all policyholders—a "fire sale" as opposed to a fair and equitable distribution for the benefit of policyholders as a whole.

Absent restructuring efforts, there was an increasing risk that Ambac might not have been able to satisfy all claims made under the company's policies as they developed over the next 30 years. Without restructuring, there was an increasing risk that policyholders who presented short-tail claims in the early years would have received payment for a larger percentage of their claims than policyholders who presented claims in the more distant future.

As part of the restructuring and with the approval of the Office of the Commissioner of Insurance, Ambac established an optional segregated account pursuant to s. 611.24, Wis. Stat., effective March 24, 2010, for the purpose of segregating certain segments of its liabilities and consenting to the subsequent rehabilitation of the Segregated Account under ch. 645, Wis. Stat. Policies allocated to the Ambac Assurance Corporation Segregated Account (Segregated Account) are primarily those policies with material projected impairments, including the books of RMBS, most of which were expected to mature within approximately 4 years, and certain CDOs of ABS policies, most of which were not expected to mature for 20 or more years, as well as certain other policies with provisions that could result in loss of control rights or demands to pay non-economic, accelerated damages at the expense of other policyholders of Ambac. Ambac allocated to the Segregated Account all liabilities assumed as reinsurer under reinsurance agreements. To support the Segregated Account, Ambac also allocated to it a \$2 billion secured note and a last-dollar reinsurance policy limited only by the assets of the General Account, which must maintain a minimum surplus as regards policyholders of \$100,000,000. Ambac also allocated to the Segregated Account its limited liability interest in Ambac Credit Products, LLC, Ambac Conduit Funding LLC, Aleutian Investments LLC and Juneau Investments LLC.

All assets within the Segregated Account will be available exclusively for satisfying liabilities attributable to the Segregated Account. Pursuant to s. 611.24 (3) (b),

Ambac Assurance Corporation Segregated Account, in Rehabilitation (continued)

Wis. Stat., any income, gains and losses, whether or not realized, from assets and investments attributable to the Segregated Account, if any, will be credited to or charged against the Segregated Account without regard to other income, gains or losses of Ambac's General Account.

Ambac was appointed as a Management Services Provider to the Segregated Account under a Management Services Agreement for so long as such agreement is in effect. Nothing prevents the Segregated Account from retaining additional service providers. In addition, pursuant to the terms of a Cooperation Agreement, Ambac and the Segregated Account have agreed on certain matters related to decision-making, information-sharing, tax compliance and allocation of expenses.

A rehabilitation plan was approved by Judge Johnston on January 24, 2011. Procedures for submitting claims, including revisions that supersede original procedures, have been communicated to the applicable trustees and are posted on the Web site, ambacpolicyholders.com. Counterparties on credit default swaps may not trigger and submit mark-to-market claims, but may submit scheduled payment claims.

Multiple parties-in-interest appealed the order approving the rehabilitation plan. On October 24, 2013, the Wisconsin Court of Appeals issued a decision affirming Judge Johnston's approval of the plan. In the decision, the court noted at length the Rehabilitator's broad discretion with regard to plans of rehabilitation, and held that the Office of the Commissioner of Insurance enjoys "great weight deference" with regard to its interpretation of ch. 645, Wis. Stat. "After giving full consideration to the objections, contentions, and arguments and after a careful examination of the record before us and of the circuit court's findings and conclusions of law," the Court of Appeals wrote, "we conclude that the circuit court properly exercised its discretion in confirming the rehabilitation plan at issue in this case." The Wisconsin Supreme Court subsequently denied review of the Court of Appeals' decision.

Pursuant to a motion approved on June 4, 2012, the Segregated Account commenced cash payments of 25% of each permitted policy claim that has arisen since the inception of rehabilitation proceedings and 25% of each policy claim to be submitted and permitted in the future. The first round of interim partial cash distributions was effectuated on September 20, 2012.

On April 30, 2013, Ambac Financial Group, Inc. (AFGI) the Official Committee of Unsecured Creditors of Ambac, Ambac Assurance Corporation, the Segregated Account of Ambac Assurance Corporation, the court-appointed Rehabilitator of the Segregated Account and the Wisconsin Office of the Commissioner of Insurance finalized agreements to resolve and settle (i) the claims filed by the Internal Revenue Service (IRS) against the estate of Ambac Financial Group, Inc., in its Chapter 11 proceeding, (ii) Ambac Financial Group, Inc.'s related adversary proceeding against the United States, and (iii) other related litigation brought by the United States against or involving Ambac Assurance Corporation and the Segregated Account. The terms of the settlement included: (i) a payment to the IRS by the Segregated Account of \$100 million; (ii) a payment to the IRS by AFGI of \$1.9 million; (iii) AFGI's consolidated tax group, including Ambac and the Segregated Account, relinquishing its claims to loss carry-forwards resulting from losses on credit default swap contracts arising on or before December 31, 2010, to the extent that such carry-forwards exceed \$3.4 billion; and (iv) certain payments by Ambac for the use of net operating losses generated by the AFGI consolidated tax group prior to September 30, 2011.

Pursuant to a motion approved on August 2, 2013, the Segregated Account began making supplemental cash payments in excess of the current 25% cash payment percentage on certain permitted policy claims for the purpose of maximizing reimbursements payable to Ambac. The supplemental payments effectively pay for themselves out of reimbursements that, without these payments, would be otherwise unavailable to the rehabilitation and, as a result, reduce the outstanding unpaid permitted policy claims owed on the subject policies while maintaining the claims-paying resources available for other Segregated Account policy claimants. The first round of supplemental payments was effectuated on August 20, 2013.

On March 13, 2014, the Rehabilitator announced the receipt of favorable rulings from the IRS regarding certain tax issues associated with potential amendments to the rehabilitation plan for the Segregated Account.¹

On April 21, 2014, the Rehabilitator filed a motion in the Circuit Court of Dane County, Wisconsin, for approval of certain proposed amendments (the Amendments) to the plan of rehabilitation.¹ The Amendments will

¹ Note: For the purpose of clarity, information from 2014 has been added.

Ambac Assurance Corporation Segregated Account, in Rehabilitation (continued)

modify the mechanism for handling claims under the rehabilitation plan. Instead of a combination of cash payments and interest-bearing surplus notes pursuant to the original plan, holders of Permitted Policy Claims would receive a combination of cash payments (Interim Payments) and deferred amounts will be established equal to the remaining balance of such claims (Deferred Amounts). Payments of Deferred Amounts will be made at such times as the Rehabilitator deems appropriate, in his sole discretion, based on an analysis of estimated liabilities, available claims-paying resources and other considerations relevant to equitable treatment of claims and the best interests of policyholders. With the exception of adjustments for certain under-collateralized transactions, Deferred Amounts will accrete at an effective annual rate of 5.1%. Permitted General Claims will be entitled to receive Junior Deferred Amounts accreting at 5.1% per year, instead of junior surplus notes bearing interest at 5.1%, as specified by the original rehabilitation plan.

In conjunction with amending the rehabilitation plan, the Rehabilitator will increase Interim Payments. The 25% level specified in the original rehabilitation plan will be increased to the level of 45%. Hence, after the rehabilitation plan is amended, (i) holders of Permitted Policy Claims will receive Interim Payments in cash equal to 45% of their claims, and (ii) the Segregated Account will record Deferred Amounts on its books in favor of the respective holders in an amount equal to 55% of such claims, which will accrete at an effective annual rate of 5.1%.

To maintain parity among policyholders, the Rehabilitator will effectuate a Deferred Payment to provide that policyholders that have received 25% cash payments on Permitted Policy Claims since the Interim Payments began on September 20, 2012, will receive an

equalizing payment in cash in an amount equal to 26.67% of such holders' Deferred Amounts, including the value of Accretion. The Amendments require proportionate redemptions on Segregated Account Surplus Notes, as and when payments are made on Deferred Amounts, including the equalizing payment referenced above. Pursuant to the terms of the Settlement Agreement entered into by Ambac Assurance Corporation and various settling counterparties on June 7, 2010, Ambac Assurance Corporation is also required to make proportionate redemptions on its Surplus Notes if the Segregated Account redeems any Segregated Account Notes.

The Rehabilitator's motion for approval of the Amendments was approved by William D. Johnston, the presiding judge for the Wisconsin Circuit Court for Dane County, on June 11, 2014.¹

Ambac Assurance Corporation's General Account is not obligated to make payments on the secured note or the reinsurance policy it provided to the Segregated Account if its surplus as regards to policyholders is (or would be) less than \$100,000,000. As of December 31, 2013, there were no adjustments to the assumption of the Segregated Account's liabilities under the reinsurance policy between the Segregated Account and General Account as a result of this provision.

As of December 31, 2013, the Ambac Assurance Corporation Segregated Account reported assets of \$121,202,797, liabilities of \$(321,436,312), and surplus of \$442,639,109. As of December 31, 2013, the Segregated Account has disbursed \$1,383,364,938 to policyholder trustees and claim submitting agents, on \$5,287,799,996 of permitted policy claims. The negative liability exists because the General Account's reinsurance policy provides coverage on surplus notes issued in satisfaction of claims.

Partnership Health Plan, Inc., in Liquidation

Partnership Health Plan, Inc. (Partnership Health Plan), a Wisconsin health maintenance organization insurer, was placed into rehabilitation by Dane County Circuit Court, State of Wisconsin, on January 18, 2013. The rehabilitation proceeding was commenced against Partnership Health Plan after it lost its contract with the Wisconsin Department of Health Services (DHS) to provide Family Care Partnership services.

Partnership Health Plan was headquartered in Eau Claire, Wisconsin, and had business in force only in Wisconsin. Partnership Health Plan contracted with the Department of Health Services to provide managed health and long-term care support to participants in the Family Care Partnership Program, a comprehensive program of services for older adults and people with physical disabilities. The 1,394 members were transitioned into either another partnership program or another long-term

care program overseen by DHS effective January 1, 2013. The insurer was ordered to be liquidated by Dane County Circuit Court, State of Wisconsin, on July 25, 2013.

The Court appointed Richard A. Hinkel as Special Deputy Liquidator of Partnership Health Plan, Inc.

On July 29, 2013, 450 notices were mailed to members, creditors and other parties whose interests may in some way be affected by the liquidation. The deadline for filing claims with the liquidator was January 31, 2014. There were 45 proof-of-claim forms filed and they are being reviewed to determine amounts payable, if any.

As of December 31, 2013, Partnership Health Plan had assets of \$10,017,912, liabilities of \$5,276,803, and surplus of \$4,741,109.

Bureau of Market Regulation (Bureau)

In 2013 the Bureau of Market Regulation consisted of five sections: Complaints and Central Services, Accident and Health Insurance, Health and Life Insurance, Property and Casualty Insurance, and Agent Licensing. Agent licensing activities are described in a separate section.

The Bureau of Market Regulation is responsible for the administration and enforcement of laws and rules relating to all market conduct activities of insurers and agents. In order to complete its duties, the Bureau conducts market analysis and targeted market conduct examinations of insurers in the areas of underwriting and rating; marketing, advertising and sales; claims; and policyholder services and grievances. The Bureau investigated and resolved 4,634 written consumer complaints and inquiries and answered over 32,000 telephone inquiries. The Bureau also processed 3,455 rate and rule filings and received 7,686 policy form filings.

Market Conduct Annual Statement

The Market Conduct Annual Statement (MCAS) was developed through the National Association of Insurance Commissioners (NAIC) with the input of state regulators and representatives from the industry. The MCAS is an analysis tool that states can use to review market activity of the entire insurance marketplace in a consistent manner and to identify companies whose practices are outside normal ranges. The project collects data on an industry-wide basis and is comprised of two major components: a Life & Annuity statement and a Property & Casualty statement. The Property & Casualty statement is further divided into two subsections: a Private Passenger Automobile section and a Homeowner's section.

For the 2012 Life & Annuity MCAS, licensed companies with at least \$50,000 in subject life premium and/or annuity considerations were required to participate in the project in Wisconsin. A total of 243 companies participated in the project by filing statements with OCI. For the 2012 Property & Casualty MCAS, licensed companies with at least \$50,000 in subject homeowner's and/or private passenger automobile premium were required to participate in the project in Wisconsin. A total of 184 companies participated in the project and OCI received 151 private passenger automobile statements and 136 homeowner's statements.

Level 1 and Level 2 Market Analysis

Wisconsin conducted analysis on insurance companies for 11 lines of business: credit, group accident and health, group annuity, group life, homeowner's, individual accident and health, individual annuity, individual life, long-term care, Medicare supplement, and private passenger auto. The analysis followed a uniform process that included the review of information collected in the financial statements and other NAIC databases to identify companies for additional review. Examiners conducted the additional reviews, identified companies for further action, and recorded the results of the reviews in the NAIC Market Analysis Review System (MARS). Examiners then used a comprehensive guide to complete a more detailed analysis of the identified companies in up to 21 areas of review. This process was used to identify companies for further review up to and including market conduct examinations.

2013 Major Accomplishments

- Conducted five market conduct examinations.
- Worked closely with the Centers for Medicare & Medicaid Services (CMS) and the Wisconsin Medicare Part D Task Force during the Medicare Part D and Medicare Advantage open enrollment to identify marketing abuses and misleading sales tactics, including participating in calls with the regional CMS office, reviewing CMS complaints and responding to requests for agent investigations.
- Continued to improve the market analysis and the market conduct examination program by working with other states through the NAIC Market Information Systems Task Force, Market Analysis Working Group, the Market Conduct Examination Standards Working Group, and the Market Analysis Procedures Working Group to coordinate examinations, improve uniformity in the market conduct examination and analysis process, and work collaboratively with other states.
- Undertook a major initiative to review comprehensive health insurance policy form filings in order to provide better information about changes being made in order to comply with various federal law changes.

- Participated in the Market Conduct Annual Statement program, collecting and analyzing data on claims, complaints, and underwriting in life, annuities, homeowner's and auto insurance and using the data as part of the market analysis program.
- Identified consumer complaints about sales of life insurance and annuities to senior citizens by identifying incoming calls and complaints and referring them to assigned investigators to contact consumers and investigating and preparing actions against insurance agents who were targeting elderly consumers.
- Provided technical assistance and support in the updating and revision of a variety of consumer publications available from OCI.
- Participated in the Wisconsin Insurance Plan and the Wisconsin Automobile Insurance Plan meetings, quarterly meetings with the Worker's Compensation Rating Bureau and the Department of Workforce Development, and provided technical assistance to Wisconsin Emergency Management and the Health Insurance Risk-Sharing Plan (HIRSP).
- Adopted and implemented the NAIC standard complaint handling codes in order to streamline and promote uniform reporting of OCI complaint data to the NAIC's Complaints Database System.
- Implemented a new consumer complaint system and participated in a major project to develop a system for the electronic exchange of information with licensed insurance companies regarding consumer complaints.
- Served on the following NAIC committees, task forces and working groups: Market Information Systems Task Force, Operational Efficiencies Working Group, the Interstate Compact National Standards Working Group, the Market Analysis Procedures Working Group, and the Market Conduct Examination Standards Working Group.

Trends in Complaints

In 2013, OCI received the highest number of calls and complaints about health insurance. The most common inquiry and complaint was about how to obtain coverage and questions regarding the implementation of federal laws related to health insurance. OCI also continued to receive complaints and inquiries about alternatives to health insurance, primarily discount plans that provided little coverage for the consumers who purchased the plans. There were also complaints and inquiries about Medicare Advantage products due to companies dropping out of the market, changing service areas, and modifying benefits during the open enrollment.

OCI continued to receive complaints about rate increases on long-term care insurance policies. During 2013, the rate increases ranged from 10% to 80% for 15 companies that submitted rate filings. These rate increases affected 5,770 policyholders.

The following tables summarize the Bureau's complaint data. Table I shows a comparison of complaint activity over the last six years. A complaint is defined as a written expression of dissatisfaction with an insurance company or agent. Complaints may initially be received

either in person, by telephone, by e-mail, or in writing. To be considered a formal complaint that initiates an inquiry or investigation, a complaint should be in writing. The data presented is based upon formal complaints.

In addition to the formal complaints, the Bureau also handled over 34,000 general inquiries or requests for information in 2013. Most such inquiries were by telephone, with the remainder being written communications, including e-mail, and "walk-ins."

Table II shows 2012 and 2013 complaints by type of insurance. When reviewing this information, it is important to note that a complaint may involve more than one type of insurance. Table III shows the area of insurance operations that generated the complaint. As with Table II, a complaint may involve more than one area of insurance operations.

Table III shows the basis for complaints. Fifty-eight percent of the complaints involved claim problems. Policyholder service was the second most common reason for filing a complaint.

Complainants may appeal the results of the Bureau's determination on their complaints when the complaints were not resolved as originally requested. The appeal gives the complainants an opportunity to have their complaints reviewed by the office's management staff or to provide additional information on their complaint to office management. Table V reflects the complaint appeal activity. The low number of complaint appeals makes trend analysis difficult. However, complaint appeals are reviewed by agency management to ensure consumers are provided a complete explanation of the decision surrounding their complaint.

Managed Care Specialist

The OCI managed care specialist, who serves as an ombudsman for consumers who have questions or problems with their managed care plans, is assigned to the Bureau of Market Regulation. The managed care specialist investigates complex managed care complaints received by OCI and educates consumers on their rights under managed care plans. Administering the state's independent review program is the responsibility of the managed care specialist.

Independent Review Process

According to state insurance law, health insurance claimants have a right to an independent review of an

adverse determination or an experimental treatment determination by an insurer. These reviews are carried out by Independent Review Organizations (IROs) registered with OCI. Every year, IROs certified to do reviews in Wisconsin are required to submit to OCI a report for the prior calendar year's experience. The independent review process allows a consumer to appeal some health insurance claims denials to an independent third party. The results from the reports for calendar year 2013 are summarized below.

For more information on the independent review process, see the consumer brochure "Fact Sheet on the Independent Review Process in Wisconsin" available on OCI's Web site at oci.wi.gov/pub_list/pi-203.htm.

* An IRO may decline a case if it determines that the dispute is not eligible for an independent review, the request was received directly from the consumer, or the IRO has a potential conflict of interest.

** In one case the insurer reversed its denial before the IRO completed its review.

The independent review program began in 2002. Beginning in 2012, most health plans were required to follow the independent review process outlined in federal law. Independent reviews performed under the federal law may not be included in the reports submitted by the Wisconsin-certified IROs. The chart below summarizes the total percent of insurers' decisions that were upheld and the total reversed in whole or in part by the IROs.

	Total	Upheld	Reversed
2009	137	60.6%	39.4%
2010	157	68.8	31.2

In order to be certified, an IRO must demonstrate that it is unbiased and that its clinical peer reviewers are qualified and independent. IROs must be recertified by OCI biennially.

Commercial Liability Insurance Reports
Section 601.422, Wis. Stat.

The following tables summarize the reports on commercial liability insurance required by s. 601.422, Wis. Stat., that were received in 2013. All of the information is for commercial liability insurance written in Wisconsin by authorized insurers. The data required by this statute were collected from the following three sources:

1. The insurers themselves,
2. Statistical agents utilized by the insurers, and
3. The NAIC database.

Reporting thresholds were established by this office in conjunction with the statistical agents to eliminate insurers who write marginal amounts of insurance.

Tables IA and IB include information required for policy years 2010 and 2011, respectively. Lines one and two were calculated by applying the ratios of investment gain and other expenses to net premium earned for other liability as reported in the Insurance Expense Exhibit to direct premiums earned. The Insurance Expense Exhibit information is on a calendar year basis; therefore, the ratios applied represent the average of the two calendar years included in the applicable policy year. The number of policies written, the number of claims closed without payment, and the number of legal actions filed were provided by the insurers. The remaining policy year information was provided by statistical agents.

It should be noted that the liability for claims incurred but not reported (IBNR) is calculated differently depending on the market. In particular, approximations for the IBNR liability for excess and umbrella insurance are based on the general liability expected loss ratio. The long-tailed nature of these two lines can create difficulty when attempting to establish an accurate liability for claims IBNR even after three or four years of development.

As noted previously, much of the data is from individual insurers and the statistical agents they utilize. These reports have been accepted by this office without audit.

Table II summarizes key ratios and averages for supplemental commercial liability data for the most recent five policy years.

Medical Malpractice Insurance Reports
Section 601.427, Wis. Stat.

The following table summarizes the reports on medical malpractice insurance required by s. 601.427, Wis. Stat., that were received in 2014. All of the information is for medical malpractice insurance written in Wisconsin by authorized insurers. Insurers that wrote less than \$300,000 annually in medical malpractice insurance premiums in Wisconsin were not required to report.

The first three lines are for the calendar years indicated by the column headings. The Average Written Premium per Policy is calculated from the entries in the previous two lines. The next fifteen lines are for the policy years shown by the column headings.

This report includes the experience of the Wisconsin Health Care Liability Insurance Plan. It does not include the experience of the Injured Patients and Families Compensation Fund.

It should be noted that the data is from individual insurer reports and has been accepted by this office without audit. In addition, the data does not separate occurrence policy experience from claims-made policy experience. These two types of policies have different claims payment experience patterns.

This report combines the experience for all physician and surgeon classifications, other health care professionals, hospital, and other health care facilities. The individual classification reports by company, from which the summary table was derived, have been maintained in this office.

Product Liability Insurance Reports
Section 601.425, Wis. Stat.

The following table summarizes the reports on product liability insurance required by s. 601.425, Wis. Stat., that were received in 2014. All of the information is for product liability insurance written in Wisconsin by authorized insurers. Insurers that wrote less than \$50,000 annually in product liability insurance premiums in Wisconsin were not required to report.

The first three lines are for the calendar years indicated by the column headings. The Average Written Premium per Policy is calculated from the entries in the previous two lines. The next fifteen lines are for the policy years shown by the column headings.

It should be noted that the data is from reports provided by individual insurers. These reports have been accepted by this office without audit. In addition, the data does not separate occurrence policy experience from claims-made policy experience. These two types of policies have different claims payment experience patterns.

Rate Review

The Office of the Commissioner of Insurance is responsible for enforcing the Wisconsin health insurance laws and thereby regulating the commercial health insurance market in Wisconsin. Rooted in the Wisconsin insurance laws is an approach to insurance regulation that supports functional competition. Functional competition is defined as competition wherein all participants, including consumers, have access to the market on a level playing field. Functional competition in the marketplace supports the pricing of health insurance products at premium rates that reasonably reflect the medical costs, demographics and utilization patterns of health care delivery in Wisconsin, and is therefore critical to a well-functioning market. In keeping with the mission of OCI to protect Wisconsin's insurance consumers and fulfill its obligation to enforce the Wisconsin insurance laws, OCI is committed to support the many strengths of the market as it exists today and facilitate continued competition in the market in the years to come.

Prior to September 1, 2011, Wisconsin required that individual health insurance rates used to develop premiums for individual policies be filed with OCI. There was no standard filing format in place. Rates used to

develop premiums for group policies were not required to be filed. Beginning September 1, 2011, Wisconsin requires that health insurance rates used to develop premiums for individual policies, including individually underwritten policies sold through associations, and fully insured group policies issued to employers with 2 -50 employees (small group policies) be filed with OCI. Filings are required to be submitted in a standardized format. Filings are reviewed for compliance with all applicable laws and regulations, as well as to determine whether there is any indication the premium rates filed are unreasonable. The Wisconsin insurance laws provide that rates are not unreasonable if a sufficient level of functional competition exists in the market. Rate filings made with OCI are generally available for public viewing on the OCI Web site.

The OCI Rate Review Team is responsible for establishing and enforcing rate filing requirements, reviewing comprehensive individual and small group rate filings, and monitoring trends in the Wisconsin comprehensive health insurance marketplace. In 2013, Wisconsin had a competitive comprehensive health insurance market with 13 companies offering individual coverage, 21 companies offering small group coverage, and 31 companies offering large group coverage.

VI. Financial and Statistical Data

Notes to Tables

The financial information was obtained from the NAIC database downloaded on May 5, 2014, for those companies filing electronically with the NAIC and annual statements filed with OCI for those companies not filing electronically with the NAIC. The tables report the financial position of companies licensed to do business in Wisconsin as of December 31, 2013, and the results of their 2013 operations. Companies in rehabilitation and liquidation may not be included in the financial data.

Table A includes individual entities which may possess multiple licenses. An example would be entities which have a Service Contract Provider, Warranty Plan Administrator, and Vehicle Protection Plan license. Risk Retention Groups are required to register with this office pursuant to the Federal Liability Risk Retention Act of 1986. They are not issued a license to write direct business in Wisconsin.

Tables B-I do not contain financial data for the Other Entities Subject to Limited Regulation.

Direct premiums and deposits for life business reported in Tables B and D include direct premiums written; annuity, deposit and other considerations; and policyholder dividends used for renewals and paid-up additions. Direct premiums written reported in Table E excludes dividends and deposit and other considerations. Direct benefits and dividends paid includes both benefits paid and dividends paid or applied during the year.

Direct premiums written in Table E includes insurers with negative premiums written. This results in premiums written for the 20 ranked insurers in certain lines of business to be greater than all insurers writing that line of business.

All of the amounts in Tables F-I, except ratio amounts, have been rounded to thousands. Ratios in excess of 999% were reported as "999" and ratios less than 0 were reported as "0". Ratio results outside these thresholds are meaningless.

Explanation of Terms Used in Tables

The “*Wisconsin Operations*” columns report the direct premiums and losses for Wisconsin only business for 2013. The “*Nationwide Operations*” columns report the net premiums and losses for all operations for 2013.

“*Direct*” business refers to business for which the insurer issued an insurance policy and accepted the premium. “*Net*” business is direct business plus reinsurance assumed and less reinsurance ceded.

“*Reinsurance*” is the transfer of risk between insurance companies. Almost all direct writing companies use reinsurance to transfer a portion of the risk associated with its direct policies. Reinsurance assumed is accepting the risk of other insurers, while reinsurance ceded is transferring the risk to other insurers. Some companies specialize in providing reinsurance to other companies versus writing business directly.

“*Premium Written*” is usually defined as premium billed by fire and casualty companies. Rules of life insurance accounting require reporting premiums actually collected. Premium written is a measure of sales activity for the year.

“*Premium Earned*” is the result of premiums written in the current and previous years and, in some instances, premiums to be written in the future for current coverages. It is approximately the pro rata portion of the premium charged for each policy for the portion of coverage provided within the calendar year.

“*Losses Incurred*” equals losses paid, plus an estimate at the close of the current year of the amounts to be paid in the future for all unsettled claims as of the financial statement date, less the corresponding estimate made at the end of the prior year. If the estimates were exactly correct, then the incurred losses would be the actual cost of all claims arising from coverage provided during the current year. The estimates would also include amounts for IBNR claims (incurred but not reported).

Loss adjustment expenses are also included in the losses incurred for nationwide operations of title companies.

“*Annuity Considerations*” is revenue received for annuity contracts during the year. The amount corresponds to premiums written on insurance contracts.

“*Deposits*” are amounts placed with the insurer that do not incorporate risk from the death or disability of the policyholder and are more comparable to financial or investment instruments than insurance contracts.

“*Other Considerations*” are annuity considerations or other deposits which are not allocated to a specific policy but include an insurable risk.

The “*Net Loss Ratio*” is equal to net losses incurred plus net loss adjustment expenses incurred, divided by net premiums earned. The “*Expense Ratio*” is equal to underwriting expenses divided by net premiums written. The loss ratio is determined based on net premiums earned as losses occur randomly throughout the policy term which matches the period the premiums are earned. The expense ratio is determined using net premiums written, because most underwriting expenses (commissions, home office underwriting, and clerical expenses) are incurred at the time the policy is written, not evenly throughout the policy term.

The “*Wisconsin Direct Loss Ratio*” is a pure loss ratio equal to the direct losses incurred divided by the direct premiums earned for Wisconsin business. This ratio does not include Loss Adjustment Expenses. For insurers with small direct premiums earned, this ratio may not be a meaningful representation of their overall operations. Negative losses incurred would result from the company overestimating the cost to settle open claims as of the end of the prior year or the receipt of salvage or other recoveries from claims paid in prior years which were in excess of amounts incurred for the current year claims.

VII. Directory of Licensed Insurers

Directory of Licensed Insurers

This directory includes all companies, fraternal benefit societies, associations, and town mutuals licensed or otherwise authorized to transact the business of insurance in this state as of December 31, 2013. (For current information, see OCI's Web site at <https://ociaccess.oci.wi.gov/CmpInfo/CmpInfo.oci>). The codes used to designate the kind of company and a brief description of each follows.

CC—Continuing Care Organization. Organized under ch. 647, Wis. Stat. Continuing care organizations provide nursing, medical, or personal care services, and maintenance services, for a period over one year or the duration of a person's life, conditioned upon payment of an entrance fee or a portion of the person's estate. Continuing care organizations file a financial statement, on a GAAP basis, which is audited by an independent CPA.

CMO—Care Management Organization. These are nonprofit entities that have been issued a permit under ch. 648, Wis. Stat. CMOs contract with the Department of Health Services to provide care for members through the Family Care program.

FR—Fraternal Benefit Society (or Mutual Benefit Society). May be a domestic benefit society organized and operating under ch. 614, Wis. Stat., or a nondomestic benefit society operating under ch. 618, Wis. Stat. A fraternal benefit society is a nonstock corporation which exists for social, educational, charitable, or religious purposes, and also may sell individual life or health insurance to its members. A fraternal is governed through a lodge system and a representative form of government, and members voluntarily perform charitable, educational, etc., services for other members or the public. Fraternal benefit societies file the NAIC Fraternal Orders annual statement blank.

GA—Gift Annuity Corporation. Established by a domestic or foreign nonprofit corporation under ch. 615, Wis. Stat. Gift annuities receive gifts of money or property, in return for agreeing to pay an annuity to the donor. Remaining income may be transferred to the nonprofit corporation for its charitable, religious, etc., purposes. Gift annuities file the NAIC Charitable Annuity Corporations annual statement blank.

HMO—Health Maintenance Organization (HMO). Established under chs. 185, 611, 613, or 618, Wis. Stat., and operates under ch. 609, Wis. Stat. HMOs may be for profit, nonprofit, or a cooperative. An HMO makes available comprehensive health care services (performed by providers contracted by the HMO) to enrolled participants for predetermined fixed payments. An HMO may hire medical service providers as employees or may contract with existing hospitals and clinics to provide services to participants. HMOs file the NAIC Health annual statement blank.

IRO—Independent Review Organizations. These entities are certified under s. 632.835, Wis. Stat., to provide independent medical reviews to resolve some coverage disputes between an insured individual and the health insurer. To be certified, the IRO must demonstrate that it is unbiased and that its clinical peer reviewers are qualified and independent.

LAH—Life and Accident and Health Company. May be a domestic insurer organized and operating under ch. 611, Wis. Stat., or a nondomestic insurer licensed under ch. 618, Wis. Stat., and may be a mutual company or a stock company. Life and accident and health companies write a wide range of life, annuity, individual, and group health insurance. Life and accident and health companies file either the NAIC Life and Accident and Health annual statement blank or the NAIC Health annual statement blank.
