Commissioner:

In accordance with your instructions, a compliance examination has been made of the affairs and financial condition of:

SOUTHERN FIRE & CASUALTY COMPANY
Sun Prairie, Wisconsin

and this report is respectfully submitted.

I. INTRODUCTION

The previous examination of Southern Fire & Casualty Company (SFire or the company) was conducted in 2009 as of December 31, 2008. The current examination covered the intervening period ending December 31, 2012, and included a review of such 2013 transactions as deemed necessary to complete the examination.

The examination was conducted using a risk-focused approach in accordance with the NAIC Financial Condition Examiners Handbook, which sets forth guidance for planning and performing an examination to evaluate the financial condition and identify prospective risks of an insurer. This approach includes the obtaining of information about the company including corporate governance, the identification and assessment of inherent risks within the company, and the evaluation of system controls and procedures used by the company to mitigate those risks. The examination also included an assessment of the principles used and significant estimates made by management, as well as an evaluation of the overall financial statement

presentation and management's compliance with statutory accounting principles, annual statement instructions, and Wisconsin laws and regulations.

The examination of the company was conducted concurrently with the examination of insurers that are part of QBE North America. Representatives of the Pennsylvania Insurance Department acted in the capacity as the lead state for the coordinated exams. Work performed by the Pennsylvania Insurance Department was reviewed and relied on where deemed appropriate.

The examination consisted of a review of all major phases of the company's operations and included the following areas:

- History
- Management and Control
- Corporate Records
- Conflict of Interest
- Fidelity Bonds and Other Insurance
- Employees' Welfare and Pension Plans
- Territory and Plan of Operations
- Affiliated Companies
- Growth of Company
- Reinsurance
- Financial Statements
- Accounts and Records
- Data Processing

Emphasis was placed on the audit of those areas of the company's operations accorded a high priority by the examiner-in-charge when planning the examination. Special attention was given to the action taken by the company to satisfy the recommendations and comments made in the previous examination report.

The company is annually audited by an independent public accounting firm as prescribed by s. Ins 50.05, Wis. Adm. Code. An integral part of this compliance examination was the review of the independent accountant's work papers. Based on the results of the review of these work papers, alternative or additional examination steps deemed necessary for the completion of this examination were performed. The examination work papers contain documentation with respect to the alternative or additional examination steps performed during the course of the examination.

Independent Actuary's Review

An independent actuarial firm was engaged under a contract with the Pennsylvania Insurance Department. The actuary reviewed the adequacy of the company's loss and loss adjustment expense reserves. The actuary's results were reported to the examiner-in-charge. As deemed appropriate, reference is made in this report to the actuary's conclusion.

Investment Review

The independent examination firm was engaged by the Pennsylvania Insurance Department to perform a review of the company's invested assets portfolio as of December 31, 2012. The results of that review were reported to the examiner-in-charge. As deemed appropriate, reference is made in this report to the findings of the review.

II. HISTORY AND PLAN OF OPERATION

Southern Fire & Casualty Company was incorporated as the Southern Title Insurance Company, Inc., on June 10, 1953, under the laws of Tennessee and commenced business on September 1, 1953. Until 1955, operations were confined exclusively to the writing of title insurance. Charter amendments adopted in 1955 authorized the issuance of multiple line insurance coverages. On March 31, 1965, Jefferson-Pilot Fire & Casualty Company [now known as Southern Pilot Insurance Company (SPilot)] purchased the company. Concurrent with the change in financial control, the company changed its name to that currently used, Southern Fire & Casualty Company.

On April 3, 1995, Southern Guaranty Insurance Company (SGty) acquired 100% ownership of the company and its immediate parent, SPilot. At the time, SGty was a wholly owned subsidiary of Winterthur U.S. Holdings, Inc., who was a wholly owned subsidiary of Winterthur Swiss Insurance Company.

On December 15, 1997, Credit Suisse Group merged with the Winterthur Swiss Group. As a result of the merger, SFire became an indirect wholly owned subsidiary of the Credit Suisse Group.

On March 31, 2005, SPilot and SFire redomiciled to Wisconsin. On September 30, 2005, SGty redomiciled to Wisconsin. Also during 2005, SPilot transferred its ownership in SFire by way of a dividend to SGty. Effective December 31, 2005, General Casualty Company of Wisconsin (GC-WI) acquired SGty and its subsidiaries, Southern Guaranty Insurance Company of Georgia (SGty-GA), SPilot and SFire through a capital contribution from Winterthur U.S. Holdings, Inc. On January 1, 2006, GC-WI became the immediate parent of SGty-GA, SPilot and SFire through an upward dividend of 100% of their stock by SGty. On May 30, 2007, GC-WI sold SGty-GA to Key Financial Holdings, Inc.

Effective December 22, 2006, Credit Suisse Group finalized the sale of Winterthur Swiss Insurance Company to AXA. AXA is a French corporation managed under the oversight of a Management Board and a Supervisory Board. AXA's headquarters are located in Paris, France.

Effective May 31, 2007, AXA finalized the sale of Winterthur U.S. Holdings, Inc., and its consolidated subsidiaries to QBE Holdings, Inc., a subsidiary of Australian-based QBE Insurance Group Limited (QBE Limited). Winterthur U.S. Holdings, Inc., was renamed QBE Regional Companies (N.A.), Inc. (QBE Regional).

Since 1963, GC-WI has expanded the number of its subsidiaries and effectively heads its own holding company subsystem under QBE Regional, consisting of eight subsidiary insurers. The cedents receive a ceding commission of 40% of direct premium written and a profit-sharing commission. The profit-sharing commission is earned when the sum of incurred losses is less than plan losses based on a calendar year. Plan losses are calculated by multiplying the plan loss ratio of 25% by premiums earned. Quarterly

reports of ceded unearned premiums and ceded outstanding loss reserves are to be provided within 25 days after the close of each quarter. The profit-sharing commission is earned when the sum of incurred losses is less than plan losses based on a calendar year. Plan losses are calculated by multiplying the plan loss ratio by premiums earned; the ratio for policies covering referral risks is 23% and all other policies is 31%. Monthly accounting of activity pursuant to the agreement is to be provided within 45 days after the close of each month. Quarterly reports of ceded unearned premiums and ceded outstanding loss reserves are to be provided within 30 days after the close of each quarter. Pursuant to s. Ins 52.05, Wis. Adm. Code, and the Stipulation and Order issued by the Office of the Commissioner of Insurance on May 17, 2012, GC-WI, GCIC, Regent, BlueInd, SGty, SPilot, SFire, UnigardIns, UnigardInd, Hoosier Insurance Company, and National Farmers Union Property and Casualty Company (the beneficiaries) have entered into three trust agreements with Equator Re and Citibank, N.A. (the Trustee), dated as of March 29, 2012. Equator Re secures payments of amounts due the company under the quota share and loss portfolio reinsurance agreements by transferring assets to the Trustee for deposit into the trust accounts for the sole benefit of the beneficiaries. The amount held in the trust accounts should equal to 102% of Equator Re's obligations attributable to the reinsurance agreement. Equator Re's obligations are defined as the sum of losses and allocated loss expenses paid by the beneficiaries but not recovered from Equator Re; reserves for losses reported and outstanding; reserves for losses incurred but not reported; reserves for allocated loss expenses; and reserves for unearned premium. The agreements provide that written notification of termination should be delivered by the Trustee to Equator Re and the beneficiaries at least 45 days, but not more than 60 days, prior to termination of the trust accounts. Equator Re is responsible for reimbursing the Trustee for its expenses under the agreements.

Excess of Loss and Catastrophe Reinsurance Portfolio

The company’s ceded reinsurance portfolio for catastrophic and excess of loss coverages is assigned and placed by QBE North America located in New York City, with the company’s approval. QBE North America uses the “group aggregate methodology” in development of their ceded reinsurance portfolio. The catastrophic and excess of loss coverages purchased encompasses all insurance subsidiaries of QBE North America. In determining adequate coverage, various loss scenarios are considered with the intent to protect the participants from a 100/250 year catastrophic event. The “group aggregate methodology” results in more buying power due to the centralization of reinsurance procurement. Exhibit A summarizes the company’s ceded reinsurance portfolio for catastrophic and excess of loss coverages.

Ratio No. 3 in 2010, relating to net premium, was primarily due to an increase in the company's pooling percentage to 1.0% in 2010 from 0% in 2009. The 2011 and 2012 results were exceptional due to a combination of lower overall gross premiums due to a soft market and competitive pressure in addition to a decrease in the company's pooling percentage to 0.2% in 2012 from 0.9% in 2011.

Ratio No. 5 measures the company's profitability over the previous two-year period. The exceptional result in 2012 was due primarily to a combination of Hurricane Irene and Hurricane Sandy losses in the Northeastern United States and spring and summer storms in the Midwestern United States in 2011.

Ratio No. 6 has been exceptional from 2010 through 2012. The company's exceptional results during these years were primarily the result of the company's conservative investment portfolio of primarily short-term bonds.

The exceptional ratios Nos. 7 and 8 for 2008, relating to surplus, are the result of a dividend paid of \$3,000,000 to its parent, GC-WI. The company obtained regulatory approval to

pay the extraordinary dividend. The dividend was used to facilitate acquisitions, partially fund debt service requirements as well as provide a normal dividend to QBE Regional.

Ratio No. 12 compares the current reserve deficiency to policyholders' surplus. An exceptional value was observed for the test; however, this resulted primarily from the intercompany pooling arrangement, which significantly impacted the ratio of earned premium to loss reserves in 2012 the current year and had a distorting impact in the test. Both One-Year and Two-Year Reserve Development tests had values in excess of 5%. The largest contributor to these figures was shown as the third-party administrator claims handling in the program business division.

Effective January 1, 2008, the company entered into a quota share agreement under which the company ceded 25% of business to affiliate, Equator Reinsurances Limited. Effective January 1, 2012, this was replaced by a new quota share agreement with Equator Reinsurances Limited where the company cedes 40% of all business. Gross and net premiums fluctuated during the five-year period due primarily to changes in the company's participation in the pooling agreement which were 0% in both 2008 and 2009; 1.0% in 2010; 0.9% in 2011; and 0.2% in

2012. Gross and net premiums in 2011 and 2012 were also reduced from a combination of lower overall gross premiums due to a soft market and competitive pressure.

The company had a net loss in 2011 due to a combination of a soft market, growing competition, and increased large event storm activity; the company's low investment yield was not sufficient to offset the increased losses in this year. The net income in 2012 was primarily due to a federal tax benefit of \$0.3 million. Conversely, the company's net loss in 2010 was due primarily to federal taxes paid of \$0.7 million. The company had a net income in 2008 and 2009 due to investment gains as its pooling percentage was 0% in these years. Surplus decreased in each of the last three years of the examination period due primarily to net underwriting losses.

Summary of Current Examination Results

This section contains comments and elaboration on those areas where adverse findings were noted or where unusual situations existed. Comment on the remaining areas of the company's operations is contained in the examination work papers.

Biographical Information and Jurat Page Reporting

Section Ins 6.52 (4), Wis. Adm. Code, defines "officer" as the president, one or more vice presidents, secretary, treasurer, chief actuary, general counsel, comptroller and any person, however described, who enjoys in fact the executive authority of any such officers. The company did not file biographical affidavits for certain board-appointed officers who would meet the definition. The following is a listing of these individuals:

- Carolyn C. Bartholdson, Chief Human Resources Officer
- Susan S. Harnett, Chief Operating Officer
- John G. Langione, Chief Risk Officer
- Christopher D. Davies, Director

Section Ins 6.52 (5), Wis. Adm. Code, requires that the company file a biographical report on any new director or officer within 15 days of appointment or election. Furthermore, the National Association of Insurance Commissioners (NAIC) Annual Statement Instructions - Property and Casualty requires the company to identify officers, directors and any other positions in primary policy-making or managerial roles. The company did comply with the latter part of the prior examination recommendation, as the individuals noted above were listed as new officers or directors on the jurat page; however, there was no timely filed biographical affidavit for any of the individuals. It is recommended that the company file biographical affidavits on all officers who have executive decision-making authority in accordance with s. Ins 6.52 (5), Wis. Adm. Code.

Equator Re Reinsurance Agreements and Trust

Pursuant to s. Ins 52.05, Wis. Adm. Code, and the Stipulation and Order issued by the Office of the Commissioner of Insurance on October 15, 2008, GC-WI, GCIC, Regent, BlueIns, BlueInd, SGty, SPilot, SFire and Hoosier Insurance Company (the beneficiaries) entered into a trust agreement with Equator Re and Brown Brothers Harriman Trust Company, N.A. (BBH) dated as of January 1, 2008. Effective September 29, 2009, the beneficiaries entered into a Resignation, Appointment and Acceptance, and Amendment Agreement to change the Trustee

from BBH to Citibank, N.A. Effective September 30, 2010, the beneficiaries entered into a Reinsurance Trust Agreement to remove BlueIns from the trust. Equator Re secured payments of amounts due under the quota share and loss portfolio reinsurance agreements by transferring assets to this trustee for deposit into a trust account for the sole benefit of the beneficiaries. However, neither the reinsurance agreements nor the trust agreement documented, in the event that recoveries were to be made from the trust, how such recoveries would be allocated among the participants.

The reinsurance trust agreements between the QBE North America companies and Equator Re were reviewed and a provision was noted in Section 4(c) which was amended as of January 1, 2011. This provision stated "...Trustee, shall pay to each company listed as a Beneficiary in the Agreement such Beneficiary's pro rata share of the Assets in the Account based on the allocation accorded to each such Beneficiary in the Intercompany Allocation Contract in effect at the time of the transfer and as communicated to the Trustee by the Beneficiary." The trust agreement with Equator Re and Citibank, N.A., dated as of March 29, 2012, contains the same provision. However, the Intercompany Allocation Contract was cancelled effective January 1, 2013, as it was viewed as redundant with the 2013 QBE North America Pooling Agreement.

It is recommended that the company amend its reinsurance trust agreement to include how recoveries are to be allocated among participants in the event that the reinsurer is unable to fulfill its responsibilities.

Reserve Development and Documentation

The consulting actuary reviewed the company's appointed actuary's report for compliance with Actuarial Standard of Practice No. 41, as Actuarial Standard of Practice No. 9 was repealed effective May 1, 2011. The latter was referenced in the prior examination report of other QBE Regional affiliates, which stated "Documentation should be sufficient for another actuary practicing in the same field to evaluate the work. The documentation should describe clearly the sources of data, material assumptions, and methods." The NAIC Annual Statement

Instructions - Property and Casualty include the requirement that the actuarial report comply with Actuarial Standard of Practice No. 41.

The consulting actuary noted some of the necessary details in support of the calculations of ultimate liabilities were not disclosed in the exhibits. Additionally, the accompanying narrative to the exhibits was not very helpful to the reader in understanding the actuarial analysis. Upon request, the company provided the necessary details and additional narrative to understand the actuarial procedures; however, because the narrative and exhibits in the appointed actuary's report generally did not contain sufficient documentation for another actuary practicing in the same field to evaluate the work, the consulting actuary determined that the company was not in compliance with the prior examination. It is recommended that the company include sufficient documentation in its actuarial report including clear descriptions of sources of data, material assumptions, and methods in accordance with Actuarial Standard of Practice No. 41.

The consulting actuary's reserving report showed the pool's December 31, 2012, reserves were 8.1% deficient compared to the consulting actuary's estimated net reserves. An adjustment to surplus was made for each Wisconsin pool member to bring reserves to the level recommended by the consulting actuary as the difference was material. This adjustment is reflected in the section of this report captioned "Reconciliation of Surplus per Examination."

VIII. CONCLUSION

The company was incorporated under Tennessee laws on June 10, 1953, as a title insurer. Charter amendments adopted in 1955 authorized the issuance of multiple line insurance coverages. The company redomiciled to Wisconsin on March 31, 2005. Effective December 22, 2006, Credit Suisse Group finalized the sale of Winterthur Swiss Insurance Company (former upstream parent of the company) to AXA. Effective May 31, 2007, AXA finalized the sale of Winterthur U.S. Holdings, Inc., (former subsidiary of Winterthur Swiss Insurance Company) and its consolidated subsidiaries to QBE Holdings, Inc., a subsidiary of Australian-based QBE Insurance Group Limited. Winterthur U.S. Holdings, Inc., was renamed QBE Regional Companies (N.A.), Inc.

The company markets commercial and personal lines of insurance, primarily conducting business in Georgia, North Carolina, Virginia, and Mississippi. QBE Insurance Corporation, NAU Country Insurance Company, Praetorian Insurance Company, QBE Specialty Insurance Company, General Casualty Company of Wisconsin, QBE Reinsurance Corporation, Unigard Insurance Company, National Farmers Union Property and Casualty Company, Stonington Insurance Company, Regent Insurance Company, Southern Guaranty Insurance Company, General Casualty Insurance Company, Hoosier Insurance Company, North Pointe Insurance Company, Unigard Indemnity Company, Southern Pilot Insurance Company, Blue Ridge Indemnity Company, and Southern Fire & Casualty Company are participants in an intercompany pooling arrangement of which Southern Fire & Casualty Company assumes 0.2% of pooled business.

The examination resulted in three recommendations related to filing biographical information on all directors and officers and reporting them on the jurat page, reinsurance and trust agreements with an affiliate (Equator Re), and reserve development and documentation. One of the recommendations was repeated from the prior examination.

The company had a net loss in 2011 due to a combination of a soft market, growing competition, and increased large event storm activity; the company's low investment yield was

not sufficient to offset the increased losses in this year. Surplus decreased in each of the last three years of the examination period due primarily to net underwriting losses.

There was an adjustment to surplus as part of the examination to bring loss and loss adjustment expense reserves up to the level recommended by the consulting actuary in their reserving report. For this reason, the amount of surplus reported by the company as of December 31, 2012, \$5,939,916, is adjusted to \$5,467,916.

XI. APPENDIX—SUBSEQUENT EVENT

As noted earlier, an independent actuarial firm was engaged under a contract with the Pennsylvania Insurance Department to review the adequacy of the company's loss and loss adjustment expense reserves. Loss and LAE reserves were developed through December 31, 2013, based on the adverse development recorded for the prior accident years in their 2012 analysis. The actuary confirmed that the company booked an additional \$273.3 million in loss and LAE reserves for the 2012 and prior accident years. The company's share of these reserves post pooling is \$0.5 million.
